- (1) The alarm is not connected to an Alarm Monitoring Company;

- B. All components comprising an Alarm System must be maintained in good repair to assure maximum reliability of operation.

§81-7. Disconnection due to malfunctioning.

- A. When alarm messages are received by Chester County 9-1-1 evidencing failure to comply with the aforementioned operational requirements, and the Township concludes that the Alarm System is malfunctioning, the Township is authorized to demand that the owner, lessee or user of the Alarm System disconnect the Alarm System until it is brought into compliance with the operational requirements.

The Township shall notify the Chester County 9-1-1 that the Alarm System is malfunctioning. In addition the Township may then take appropriate action to disconnect the defective Alarm System. This remedy shall be in addition to and shall not affect the penalty provisions prescribed in §81-14. - D. Any owner, lessee or user, or their designated contractor or technician, who performs maintenance or testing on an Alarm System without first notifying the Alarm Monitoring Company prior to performing maintenance or testing, which then results in a False Alarm, may be subject to the false alarm fee and/or false fire alarm fee established in this chapter.
