**Draft#1**  
**EAST GOSHEN TOWNSHIP**  
**DEER COMMITTEE**  
**MEETING MINUTES**  
**November 16, 2009**

The East Goshen Township Deer Committee held their regularly scheduled meeting on Monday November 16, 2009 at 7:00 p.m. at the East Goshen Township building.

In attendance were: Jim McRee (chairman), members Linda Polishuk, Chuck Matasic John Babiec and Matt Keating. Also in attendance was Mark Gordon.

**1. CALL TO ORDER AND PLEDGE OF ALLEGIANCE**

The chairman called the meeting to order at 7:00 p.m. The chairman led the Pledge of Allegiance.

**2. REVIEW AND APPROVAL OF MINUTES**

Chuck made a motion to approve the October 19, 2009 minutes as corrected. Matt seconded the motion. The motion passed.

**3. CHAIRMAN'S REPORT**

Jim reminded everyone that there is still an open position on the Committee. In December the Committee will have to elect a chairman.

**4. COMMUNICATION AND EDUCATION**

Jim apologized to Matt, who sent Jim an article for the Newsletter but Jim did not get it to the Township staff in time to be in this issue. However, it is on the website.

**5. DEER MANAGEMENT PROGRAM**

A. The Board of Supervisors requested an interim report which Jim will present at tomorrow night's meeting. Jim provided a copy of the report and reviewed it with everyone. As of 11/15/09 20 deer have been harvested. At this time last year, 28 had been harvested. He feels the goal of 36 may be at risk, since there was less activity after Thanksgiving last year. Several things that probably impacted the results so far this year are so many rainy Saturdays, a large crop of acorns and ATVs in some of the open spaces. The deer seem to be moving around more at night.

The Bow Tree group added 6 new members, 2 are East Goshen policemen. Jim showed the extensive charts he keeps that track all of the information that is gathered for the program.

Chuck questioned whether the original assumptions may be slightly off. The 2 aerial flights were done in 1995 showing 150 deer, and 2007 showing 300 deer. Of course these are not accurate but they are the numbers originally used to calculate a goal of 36 per year through the hunting program. Now that we are getting the road kill data, he feels the numbers may be different. Linda had an

1 article from Fairfield CT that had the calculation they use. Chuck will work on  
2 creating a new model. There were no injuries and no complaints about hunting  
3 activity.

4 B. Mark reported that the 4-poster stations are in for maintenance. He thinks  
5 cleaner corn may prevent some of the reasons for the damages this year. Chuck  
6 asked about using salt/mineral blocks instead of corn. John pointed out that the  
7 corn has proven to be the most effective bait.  
8  
9

10 **6. DEER VEHICLE COLLISIONS**

11 The committee reviewed the reports.  
12

13 **7. LYME DISEASE**

14 A. John provided updated copies of the booklet on Lyme Disease published  
15 by the Lyme Disease Assoc. of Southeast PA. He also brought a few Tick ID  
16 cards. Melissa Walsh with the Chester County Health Dept. will attempt to plot  
17 Lyme Disease cases in Chester County. He also had some signs from the PA  
18 Lyme Disease Prevention Assoc. This association lobbies for policies with the  
19 State legislature.

21 **8. ANY OTHER MATTER**

22 None  
23

24 **9. PUBLIC COMMENT**

25 None  
26

27 **10. ADJOURNMENT**

28 John moved to adjourn the meeting. Linda seconded the motion. The meeting  
29 was adjourned at 9:00 p.m.

**Subject:** RE: December meeting

Jim:

I will be around if you want to meet. I have read the papers you handed out about predicting population of deer after harvesting. The models I've read about have serious error problems if certain factors are not sufficiently accurate. Some of the models (Sex-Age-Kill (SAK)) require very large populations, > 10,000-20,000. For accurate predictions.

It'll be interesting to see what Chuck comes up with. We have such a small area, 10 sq. miles, that perhaps the best way to get a fix on the population is to do an IR scan of township. The Mumford Cove example Linda referred to last meeting consisted of a community of 150 homes where they had 100 deer per sq. mi initially and reduced it to 10 per sq. mi. and have kept it there. Mumford is on the end of a peninsular with water on all sides and a state preserve adjacent to it. There seems to be a correlations of deer populations with nymphal tick concentrations per 1000 sq ft transects.

**Subject:** December meeting

Does anyone want to meet December 21<sup>st</sup>? We have an option to skip December and meet in January if you prefer.

I had the normal agenda in mind. I believe Chuck was working on a population model and may have something to share. Otherwise, nothing that can't wait until January.

Thanks, Jim.

Dear Property Owner:

The purpose of this letter is to inform you that Liberty Towers, LLC has applied for a Zoning Variance requesting relief from the zoning ordinance. The applicant is requesting that the Zoning Hearing Board grant relief to allow a Wireless Communications Facility use in the C-2 Zoning District, and for dimensional relief from the rear yard setback requirements. The applicant proposes to construct a 150 foot tall Wireless Communications tower behind the Wawa store at 1594 Paoli Pike.

The application requests relief from the following sections of the Township Zoning Ordinance: §240-15.B and §240-15.G.

Pursuant to Township policy, property owners and residents within 1000 feet of the subject property are notified of Zoning Variance applications.

**This application is scheduled to be discussed during the meetings outlined below:**

**January 6, 2010** - Planning Commission meeting (workshop at 7 pm, formal meeting @ 7:30 pm)

**February 16, 2010** – Board of Supervisors meeting (workshop at 7:00 pm, formal meeting @ 8:00 pm)

**February 24, 2010** – Zoning Hearing Board (meeting @ 7:30 pm) (**Zoning Hearing**)

All meetings are held at the Township Building and are open to the public and are subject to change. The variance application is available for review during normal business hours. Please give me a call at 610-692-7171 or email me at [mgordon@eastgoshen.org](mailto:mgordon@eastgoshen.org) if you have any questions or need additional information.

Sincerely,

Mark A. Gordon
