

East Goshen Farmers Market Rental Fees

The Township will invoice Farmers Market vendors \$22 per market based on the number of markets attended over the past month. Vendors may elect to have those fees automatically debited from their checking account (see the attached Electronic Debit Program authorization form). Vendors who participate in the electronic debit program will receive a receipt of payment. Otherwise, we will invoice you on a monthly basis.

Be advised that the Township also has the ability to accept credit card payments, although we charge an additional \$3 or 2.45% fee for this service.

Vendors who do not pay their rental fees in a timely manner may be subject to penalties including, but not limited to, exclusion from participation in future East Goshen Farmers Markets.

Please contact Tia Piccolo on 610-692-7171 if you have any questions about payment.
