**2. NEW BUSINESS**

**a.** Centrifuge – Scott reported regarding the platform the centrifuge is to be installed upon. The original plan called for a total height of 9 feet. The vertical distance has to be increased to 9 feet 6 inches. Pennoni provided an alternate plan using concrete piers 5 feet high and an I beam. This cost may be over \$5,000.00. Pennoni will provide the updated plan tomorrow. Galvanized steel is preferred but takes time to produce. A decision was made to use epoxy coated steel. Mount Pleasant is used by Worth to get steel. Joe moved to authorize Mark Miller to spend up to \$10,000.00 for a steel and concrete foundation for the centrifuge. Fran seconded the motion. There was no further discussion. The motion passed unanimously.

**3. ADJOURNMENT**

There being no further business, Fran moved to adjourn the meeting. Jack seconded the motion. There was no further discussion or public comment. The motion passed unanimously. The meeting was adjourned at 9:30 a.m.
