Project Accomplishments BE Project No. 09-2532-0 East Goshen/Ridley Creek Sewage Treatment Plant Upgrade/Expansion February 2011

The following Project Management tasks were performed for the Ridley Creek Wastewater Treatment Plant Expansion project, including:

- 2-1-11 Review emails regarding Clinger meeting. Provide payroll data.
- 2-2-11 Email review and responses.
- 2-7-11 Review of Michael Geradi's report. Review comments received for filamentous memo.
- 2-8-11 Compile input for the filamentous bacteris action plan memo. Gather additional
 information for causes and control of the filamentous bacteria identified in the samples
 analyzed by Michael Geradi. Email to Jeff Bush regarding warranty item status and
 change orders. Email to Bob Dina regarding status of punch list and studies.
- 2-11-11 Prepare summary of project activities for EGTMA for the month of January.
 Coordinate plant performance issues. Email review.
- 2-14-11 Prepare monthly Project Manager's report and attend Municipal Authority meeting.
- 2-15-11 Telephone conversation with Jeff Bush regarding warranty items. Coordination with Siemens Sunlight to arrange for a service visit for UV bank number 2.
- 2-16-11 On site visit to RCSTP to check progress of filamentous bacterium control and plant operations with respect to total nitrogen and phosphorus removal. Confirmed with Sherwood Logan for compatibility of the alum feed pumps to be used to pump sodium hypochorite. Meeting with Rick Smith.
- 2-17-11 Site visit for replacement of surge protector on the main electrical panel (main BUS) for the wastewater treatment. Reviewed preparations for addition of chemicals for filamentous control. Chemical fed systems required additional work and implementation of the chemicals is not anticipated until Monday, February 21, 2011. Reviewed SBR air slope, min air, max air, settle time and influent fill times with Jesse Goldberg. Requested that the process control data be placed in a spreadsheet that can be provided to Siemens in preparation of the April visit. Exchanged emails with Jeff Bush to arrange for ACS to provide training on their control panel and equipment.
- 2-18-11 Meeting on site at RCSTP to meet with Clinger and check the status for replacement of the TVSS for the panel proving power for the centrifuge and related equipment. Met with Bob Dina for an update on punch list and studies. The Arc Fals

and Short Circuit studies are complete and will be forwarded to Pennoni early next week for review and approval. Kevin (journeyman) and Ryan (apprentice) on site at RCSTP working on punch list items. Met with Mark Miller for a quick update of warranty issues. Emails and coordination with Jeff Bush to resolve outstanding issues. Review contract relative to when O&M manuals are to be delivered.

- 2-21-11 Follow up with Jesse Goldberg.
- 2-22-11 Emails with Jeff Bush to coordinate the Alfa Laval performance test and project management emails to Mark Miller.
- 2-23-11 On site visit to meet with Jeff Bush, Worth & Company regarding the Siemens Sunlight UV system and warranty issues. Reviewed operations of filamentous control. Deviation from plan through using the alum fed pump by hand rather than auto mode. Appears to be a communication issue between the alum feed pump and Siemens SBR control panel.
- 2-25-11 Meeting with Mark Miller to review items of concern as reported by Miller Environmental, Inc. Review outstanding warranty issues and scheduled repair visits. Visit to RCSTP.
- 3-1-11 Attend centrifuge acceptance performance test at RCSTP. Review operations and progress towards control of filamentous bacterium.
- 3-2-11 On site at RCSTP for the centrifuge acceptance test. Coordinated sample collection and records. Samples from Tuesday's test were picked up for analysis. Prepared samples and chains-of-custody for samples. Technician from Siemens Sunlight on site to repair UV bank No. 2. The UV light sensor required replacement. UV system fully operational and returned to automatic mode.
- 3-3-11 On site at RCSTP working with Eric Darcy (remotely) towards troubleshooting
 the alum feed Watson-Marlow chemical feed pumps. Both alum feed pumps are not
 functionally in the auto mode for the hard HOA. Left a voicemail for Gary Roberts at ICI
 for assistance. Emails to Jeff Bush confirming the centrifuge acceptance test was
 completed.
- 3-4-11 On site at RCSTP for follow up to the Watson-Marlow alum chemical feed pumps and Siemens SBR panel. Meet with Operator to confirm training held on March 3, 2011 with Allied Control Systems for any follow up questions, SHT #1 telescopic valve operation and confirmation of alarms.

East Goshen Township: Ridely Creek Sewer Plant Expansion Project Management Schedule Supplement

Brickhouse's contract for project management was originally anticipated to be completed week ending August 8, 2010 at 1,522 hours and \$175,030.

From April through October 2010, Brickhouse spent 100 hours on out of scope matters that were included in the total hours.

The duration was extended to week ending October 10, 2010 and attendance at the October 11, 2010 Authority meeting which then expended the original 1,522 hours.

The Board subsequently approved Brickhouse Environmental to continue to serve the Authority's needs as requested on a T&M basis.

MEMORANDUM

TO:

East Goshen Municipal Authority Board

Rick Smith, Township Manager

FROM:

Daniel Barbato, P.E.

Authority Engineer

DATE:

March 10, 2011

SUBJECT:

Engineer's Report

RCSTP Upgrade and Expansion

• Construction phase services continue with punchlist monitoring, final review of operations and maintenance submittals, troubleshooting, and coordination with the Project Manager and the Township.

- A breakdown of effort expended over the past month by Pennoni is provided with the invoice detail under separate cover.
- Worth and Company and Clinger Corporation are working on punchlist completion. A punchlist update for both contractors was distributed for review on March 9. Remaining punchlist items are minor with the exception of Operations and Maintenance Manual submittals from Clinger, and Clinger's Arc Flash/Short Circuit Study.
- O&M submittals from Worth are complete.
- Pennoni has completed the application paperwork for the renewal of the discharge permit, which expires in September. Letters of intent for the renewal (Act 14) will be filed to the required parties (Chester County Heath Dept., Chester County Planning Commission and East Goshen Board of Supervisors) followed by submittal of the paperwork to DEP in the next week.

I/I Metering Project

• The Township continues to meter flows at selected locations. Meters are in operation in at new locations as recommended, and we will review meter data as it is submitted. Data has been received through January.

Ridley Creek Consent Order

• The next report is due to DEP in March of 2011. The March report is in progress and we expect to be ready to submit to DEP before the end of the month.

LCSTP Elimination, Hershey Mill PS Diversion, Reserve PS Elimination Planning

 Response to DEP comments and revised reports were submitted to DEP in February, prior to the deadline. We received a few informal questions and are addressing these. No formal comments have been received yet from DEP on the revised reports.

Marydell PS Elimination Planning

• The draft report for the Act 537 Plan Revision was submitted to the Township for review on March 9. Following the Authority's review, we will make the required Component 4 submissions to the East Goshen Planning Commission, West Goshen Planning Commission, Chester County Planning Commission, and Chester County Health Department.

Chapter 94 Report

• The annual updates to the Chapter 94 report are in progress. We will schedule a meeting with the Township to review developments and changes over the past year, and gather data needed to complete the report.

2011 EAST GOSHEN MUNICIPAL AUTHORITY GOALS MARCH REPORT

ON-GOING

- 1. Submit an article for each newsletter.
 - a. Need by 2/9/11 Joe Completed
 - b. Need by 5/11/11 Fran
 - c. Need by 8/10/11 Jack
 - d. Need by 11/9/11 -Dana
 - e. February 2012 Kevin
- 2. Attend West Goshen Meetings quarterly more often if needed.
 - a. 1st Quarter (March) Jack
 - b. 2nd Quarter (June) Fran
 - c. 3rd Quarter (September) Dana
 - d. 4th Quarter (December) Joe
- 3. Respond to capacity requests in 45 days or less.
- 4. Implement I & I Plan
- 5. Conduct a sewer facilities tour after RCSTP construction is complete

RIDLEY CREEK PROJECT

- 1. Monitor construction.
- 2. Invite Board of Supervisors and all other ABC members to tour the plant.
- 3. Open House at the RCSTP
- 4. Have Siemens conduct a training session for Miller and Township Employees on the new SBR unit. (This would be in lieu of us going to the Siemens' facility in the mid-west.)

ACT 537 PLANNING

- 1. Obtain Act 537 Plan approval for the Lockwood STP Abandonment Project.
- 2. Obtain Act 537 Plan approval for the Greenhill PS Redirection and the Reserve PS Abandonment Project.
- 3. Obtain Act 537 Plan approval for the Marydell PS Abandonment project.
- 4. Obtain construction permits, solicit bids and start construction of the Marydell PS Abandonment project.

Ref.

February Monthly Operations Report

Meters:

The meters were read on a daily basis. No adjustments were needed. The portable meters were read on a biweekly basis and data was sent to Pennoni. We had to move the meter at Ridley in order to get precise data.

C.C.Collection:

The pumping stations were visited on a daily basis and bar screens were cleaned. The Muffin Monster at the Ash Bridge pumping station needs to be pulled and repaired.

We were notified of three sewer lateral blockages during the month at two of the blockages, we found cleanout pipes pulled out of the tee's.

<u>Loch wood Plant:</u> I contacted the DEP regarding the drilling of two monitor wells. I explained that there is no way we can drill the wells until the ground dries out. The gentlemen that I spoke with was in agreement. I was told that the well drilling can wait until the ground can support the drilling rig without destroying the fields.

Ridley Creek Plant We averted a major sewage spill. The valve on the EQ Tank

split. Fortunately it happened at 7:30 in the morning and was noticed by the operator. Within 15 minutes our crew was on site with three 4 inch pumps and was able to transfer the sludge to the two VCO tanks. PA Aqua was notified. Once they arrived we had them pull two loads out. The tank has been

completely cleaned and a new valve has been installed.

Alarms:

We responded to 18 alarms during the month of February.

Pa. One Calls:

The Public Works Dept. responded to 45 PA One calls.

Attn: Mr. Rick Smith, Township Manager

Re: Monthly Operations Report- March 2011

Dear Mr. Smith:

For the month of February, we have the following operations activity to report:

Ridley.

- Fine screen is still in hand.
- # 2 Digester was jetted, but still not reading accurately.
- Modifications at the centrifuge would make polymer replacement more efficient.
- Generators still alarming on Wednesdays.
- ACS and Alfa Laval training was conducted.
- Alum Pumps still need to be fixed; the Nocardia control is on hold.

Lochwood.

- Wells were sampled and charts were developed for future events.
- A check valve needs to be installed.
- Spraying began in March.
- e-DMR registration completed; January was hard copy, Feb will be electronic.
- Several cracked rainbirds.
- Several initial odor complaints.

Thank you,

MILLER ENVIRONMENTAL INC.

William Ronyack

Operations Manager

BOARD OF SUPERVISORS

EAST GOSHEN TOWNSHIP

CHESTER COUNTY 1580 PAOLI PIKE, WEST CHESTER, PA 19380-6199

February 11, 2011

Re:

Land Development Plan

Toll Brothers Development / Applebrooke Meadows

Paoli Pike and Line Road Willistown Township

Dear Property Owner:

The purpose of this letter is to inform you that a Final Land Development Plan has been submitted to Willistown Township to construct Phase 1 of 3, for the Applebrook Meadows project. Phase I consists of 54 townhomes. The entire project proposes 139 townhomes on the 41.7-acre tract of land at the southeast corner of Paoli Pike and Line Road in Willistown Township. Pursuant to Township Policy, East Goshen Township notifies Township property owners within 1,000 feet of proposed development projects which abut the Township boundary.

The Williston Township Planning Commission holds their meetings at 7:30 PM on the 1^{st} and 3^{rd} Wednesday of each month. The Willistown Township Board of Supervisors holds their meetings at 7:30 P.M. on the 2^{rd} And 4^{th} Monday of the month.

All meetings are open to the public and they are held at the Willistown Township Office which is located at the Greentree Office Plaza, 40 Lloyd Ave., Suite 208, Malvern PA 19355, 610-647-5300.

Please give me a call at 610-692-7171 or e-mail me at mgordon@eastgoshen.org if you have any questions or need additional information.

Sincerely

Mark Gordon

Township Zoning Officer

Cc: Hugh Murray, Sr., Township Manager, Willistown twp.
