

EGT Play Ambassadors

**Come be a part of our NEW Destination Playground
in East Goshen Park!**

What's this all about?

The East Goshen Township Park and Recreation Commission is currently designing a wonderful renovation the current playground area. There will be many improvements including better surfacing, shade, a central seating area and well-defined activity areas, installed fall 2017.

The new design also incorporates the latest concepts of how kids really play, and it has something for everyone! One piece we are very excited about is an Imagination Playground™!

Imagination Playground is a set of heavy duty unstructured pieces meant to be played with, on, in...as an individual or as a group! Imagination Playground has also been independently assessed to be an extremely accessible playground piece for those with special needs.

How can I help?

Simple—Imagination Playground will be housed on site and utilized on a standardized, posted schedule. Play Ambassadors will be the team of EGT residents, park goers and service/civic organizations that bring the fun to the kids!

I'm pretty busy—how often will I volunteer?

We're looking for one, 2 hour volunteer experience per month from Play Ambassadors!
