1. CHAIRMAN'S REPORT
2. 2008
FILE

June 14, 2010

Dear Resident:

As you may be aware, the Sunoco Station at the corner of Boot Road and Paoli Pike had a release of unleaded gasoline in 2006. The Pennsylvania Department of Environmental Protection (PA DEP) has been overseeing and monitoring the remediation of this spill since that time. As part of this process, Sunoco undertook a number of steps: including drilling monitoring wells both on their property and adjoining properties, the testing of these wells and private wells in the vicinity in order to determine the extent of the release.

This information was compiled over the last few years and early this year Sunoco submitted their Site Characterization Report to PA DEP. The Report concluded that the area affected by the release is confined to the Sunoco Station, the CVS parking lot and the Township property just south of the Station. The PA DEP approved the Site Characterization Report on April 21, 2010.

Sunoco has recently installed the ground water remediation equipment at the Station and is expected that it will be in operation next week.

It was suggested that the Township ask representatives from both PA DEP and Sunoco to attend a public meeting to update interested Township residents on what has transpired since the release and what is expected to occur going forward.

Representatives from PA DEP and Sunoco have agreed to attend the Board's meeting on July 20, 2010 at 8:00 pm to provide an update on this matter.

Please give me a call at 610-692-7171 or e-mail me at rsmith@eastgoshen.org if you have any questions or need additional information.

Sincerely,

Louis F. Smith, Jr.
Township Manager

Re: Sunoco Station
1425 Paoli Pike

Dear Ms. Livingston and Ms. Marlton:

It has been suggested that the Board of Supervisors ask representatives from both PA DEP and Sunoco to attend a public meeting to update interested Township residents on what has transpired as a result of the release of unleaded gasoline from the Sunoco station.

The Board of Supervisors normally meets on Tuesday so we would be looking at either July 6th or July 20th at 8:00 PM.

I would appreciate any consideration you can give to my request.

Please give me a call at 610-692-7171 or e-mail me at rsmith@eastgoshen.org if you have any questions or need additional information.

CHESTER COUNTY, PENNSYLVANIA**

RESOLUTION NO. 10-__

**A RESOLUTION ADOPTING SPECIFIC PROVISIONS
OF THE
DEER MANAGEMENT PROGRAM
FOR THE 2010-2011 SEASON**

WHEREAS, Section 163-4B of the Code of the Township of East Goshen requires the Board of Supervisors to designate the areas of Township land to be utilized for hunting as part of the Deer Management Program; and

WHEREAS, Section 163-4D of the Code of the Township of East Goshen authorizes the Board of Supervisors to identify Deer Management Groups to participate in the program; and

WHEREAS, Section 163-4F of the Code of the Township of East Goshen requires the Board of Supervisors to designate the days and times when deer management activities may occur; and

WHEREAS, Section 163-4G of the Code of the Township of East Goshen requires the Board of Supervisors to designate the procedure for reporting harvested deer; and

WHEREAS, Section 163-4H of the Code of the Township of East Goshen requires the Board of Supervisors to designate the procedure for reporting complaints; and

WHEREAS, Section 163-4I of the Code of the Township of East Goshen allows the Board of Supervisors to designate by resolution additional guidelines and procedures.

BE IT RESOLVED THAT the Board of Supervisors of the Township of East Goshen hereby adopts the following specific provisions for the 2010-2011 Deer Management Program:

Pursuant to Section 163-4B, the Board of Supervisors designates the open space in Bowtree/Clocktower, Supplee Valley East & West, Grand Oak/Millcreek and Wentworth for hunting as part of the Deer Management Program.

Pursuant to Section 163-4D, the Board of Supervisors authorizes the following Deer Management Groups to participate in the program: Chester County Trackers, Deer Management Professionals, Main Line Whitetail Managers, and Tri-County Deer Management.

Pursuant to Section 163-4F, the Board of Supervisors authorizes the following dates and times: hunting may occur as outlined by the Pennsylvania Game Commission beginning

July 7, 2010

Dear East Goshen Township Commissioners,

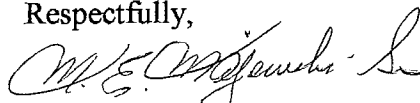

Being an ex-Navy Seabee, a retired maintenance mechanic for a U.S. Naval training facility and a volunteer fire fighter for 30 years, I am very aware of how hectic a situation can become after a catastrophic event such as the sudden storm we experienced on June 24th. Anything and everything that can go wrong...will and everyone wants it fixed immediately and sometimes that can be an overwhelming task to say the least. I would like to take this opportunity to commend the staff of East Goshen Township and especially your public works staff for a job well done in getting our community up and running in a matter of a few days after seeing the daunting devastation that surrounded us. It is a sad moment that the public you serve comes to expect and assume that because they 'pay taxes'...well, you know the rest but that same public often forget how far a little respect, a simple thank you and hand shake will go.

This letter is to recognize a few key individuals on your staff. First, let me say that everyone I spoke with at the township building was calm and polite, did not put me on hold, answered my questions and called me back when they said they would. In this world of 'don't care attitudes', these are rare qualities not often found and were very refreshing. From the receptionist who took and directed my calls and later called me back (sorry, I don't know your name) to Mr. Mark Miller, Mr. Kevin Miller and Mr. Mike Ennis from public works who handled the clean up operations in my situation, a heart felt thank you from myself and Mrs. Volz.

Mrs. Volz lives alone and is widowed for 10 years and currently ambulatory due to a recent fall. I have been her St. Michael, as she often calls me, for many years often handling the maintenance needs on her property. The storm took out 5 trees and a ton of debris on her land, 1 tree landing on Rt. 352 and blocking one lane of traffic for a couple of hours. After surveying the damage, I myself, was somewhat overwhelmed. Being that Navy Seabee with a 'can do' attitude and working alone over several days, I cut up the 5 trees and amassed about 3 dump truck loads of brush and branches with no means of disposal. I have no pickup truck so hauling away was not an option and only being allowed 3 trash cans to the curb would take me months to remove the branches. I contacted Mr. Mark Miller to see if there were other options and to make a long story short, he advised me on what to do, where to place the brush and had his crew come get it without a whimper. I offered a gratuity and beverages which he, as a dedicated and honest public servant, adamantly declined, saying only a letter of thank you would be sufficient.

So THANK YOU township receptionist, Mark, Kevin and Mike for a job well done. You are a credit to your positions and community and it is people like you that make this township the great place it is. I only hope this letter gets you that promotion and pay raise you truly deserve.

Respectfully,

Michael E. Majewski Sr.

We could not let your hard work go unnoticed without a genuine "Thank-you!!!"

We truly, truly appreciate the terrific job that you & your East Boston crews did for us, and our surrounding streets.

Our heartfelt thanks to you and your crews.

p.s. Mark you are an asset to East Boston Township. Don't plan on returning too soon!

7-12-10

Dear Mark,

"Let no deed go unnoticed," words were never truer spoken for you and your crews after the wild storm on Thursday. Immediately after that horrible storm you and your crews were out on the township streets, clearing trees and branches were power lines were not involved. You battled the high heat and some times hot tempers from residence that were without electric and running water. You could have not been more respectful and kinder to everyone ^{especially to me} who wanted to be your head off.

Your home gave you and your men a little bit more of a challenge when our 150+ year old, red oak uprooted across Marjorie Lane, leaving large branches covering a huge radius in the street making the road impassable. Even though you and your crews worked late, the night and your crews, you came to the speed the firework fight after the rescue of Marjorie Lane right after noon. You restored electric on Sunday afternoon. You and your faithful hard working crews battled exhaustion, heat and cleaned

Subject: Hunting Season

To BOS and Deer ManagementWe should not allow hunting during the period of 12/25 to 1/1 because the children will be on holiday vacation during that period of time.

I made two complaints last year relative to Hunters in Bow Tree. None of my complaints were acknowledged or addressed. In addition there are huge gaps/holes in the Deer Management meeting minutes from last year that still haven't been addressed. I'm glade to see the PA Game commission has recognized the self serving mechanism of baiting Deer does nothing for the actual Deer count in the East Goshen but does service the needs of the surrounding townships and the hunters harvest count. Just how much did the Harvest of 70 Deer over a two year period cost EG. The hunt, lime disease, legal fees, aerial photos.....

It was mentioned...there were aerial photos taken of the Geese within EGG boundaries for population count purposes...When were these pictures taken...what was the cost of the aerial photos...the harvest....butchery etc. In addition, Are toxicology reports available on the Geese taken in Bow Tree? You might want to check that out.

Re: Manhole Cover Lids

On a recent inspection of the manholes in Bowtree and Hunt Country, we found that the pick holes on the manholes are $1 \frac{1}{2}$ to $1 \frac{3}{4}$ openings, whereas there should be no openings on the covers. These openings allow for huge amounts of inflow.

I have started to replace the covers with ones we already had in stock. However, I will need an additional 35 to complete the project and 10 to keep in stock.

The total cost will be \$5,580.00 with a delivery time of 7 weeks.

FYI

June 30, 2010

Dear Property Owner:

The purpose of this letter is to inform you that Hankin Family Limited Partnership has submitted a Land Development application for the New Kent Apartment Community, located on Boot Road in West Chester, PA 19380. The applicant proposes to construct two additional, 12 Unit, apartment buildings in place of the current commercial facilities, pursuant to §240-29 and §205 of the Township Code.

Pursuant to Township policy, property owners and residents within 1000 feet of the subject property are notified of Land Development Applications.

The meeting dates and times scheduled for the review and discussion of this application are outlined below, and are subject to change.

July 7, 2010 - Planning Commission meeting (workshop at 7:00 pm, formal meeting @ 7:30 pm) **(Presentation of Application)**

August 4, 2010 - Planning Commission meeting (workshop at 7:00 pm, formal meeting @ 7:30 pm)

August 17, 2010 - Board of Supervisors meeting (workshop at 7:00 pm, formal meeting @ 8:00 pm)

All meetings are held at the Township Building and are open to the public. The application and plans are available for review during normal business hours. Please give me a call at 610-692-7171 or email me at mgordon@eastgoshen.org if you have any questions or need additional information.

Sincerely,

Mark A. Gordon
Township Zoning Officer
