RE: NOTICE OF RESIGNATION FROM EAST GOSHEN PLANNING COMMISSION DUE TO APPOINTMENT TO EAST GOSHEN TOWNSHIP ZONING HEARING BOARD EFFECTIVE 1/4/2012

Dear Rick:

I hereby resign from the East Goshen Township Planning Commission, effective immediately, due to the fact that it is my understanding that I have been appointed to the East Goshen Township Zoning Hearing Board by the Board of Supervisors.

It has been a distinct pleasure to have served on the Planning Commission and I look forward to continuing to serve East Goshen Township in my new appointment.

Please do not hesitate to contact me should you have any questions in this regard.

Thank you for your anticipated courtesies and cooperation.

Very truly yours,

Re: Electronic Newsletter

As a result of the recent notice in the Newsletter I received calls from two elderly residents advising that:

1) they did not have a computer or access to a computer, and
2) they pay taxes and cannot understand why the Township is no longer mailing them a newsletter, and
3) they could not afford the $12 per year subscription, and
4) they found the information in the newsletter useful and questioned how they would keep up to date on trash days, meetings, etc.

Both of the residents are on our sewer and effuse programs and during my conversations I advised both of them about the discount that is available for property owners who qualify for one of the following assistance programs:

1) The Senior Citizens Property Tax or Rent Rebate Act, 72 P.S. § 4751-1 et seq.;
2) The Pharmaceutical Assistance Contract for the Elderly Act (PACE), 62 P.S. § 2901 et seq.;
3) The Federal Food Stamp Act of 1977, as amended, 7 U.S.C.A. § § 2011 through 2030;
4) The Women's, Infants' and Children's Nutrition Improvement Act, 62 P.S. § 2951 et seq.;
5) Aid to Families with Dependent Children, 42 U.S.C. § 601 et seq.; and
6) The Public Assistance Law, 62 P.S. § 401 et seq.

My question is would the Board consider mailing newsletters to residents who qualify for the above discount. There are currently 31 residents who qualify.

Re: I Pads.

I had previously suggested that the Board consider going to an electronic agenda packet. At your meeting on September 27, 2012 the Board agreed to purchase one I Pad and circulate it between the members.

So far only two issues have arisen.

1. The I Pad touch screen system is not intuitive to some of the Board members, and they would prefer something akin to a laptop, with a traditional keyboard and a mouse. I would add that at a recent presentation on I Pads attended by Dr. Clapper and myself, a number of the attendees had equipped their I Pads with an external keyboard.

   We can purchase and set up an Asus notebook (11.65' x 8') for $650.

2. There needs to be an easy way for Board members to annotate documents. The Board members typically use a pen and "post it notes" with a paper agenda packet.

   We can purchase an app for the I Pad for $2.99 that will allow users to edit and annotate documents. I do not know if a similar solution exists for the notebook. We can purchase the Digi Doc program ($1,500) that would be installed on our server. This would allow any document that is scanned on the Township copier to be edited or annotated by anyone at the Township.

I would ad that when we purchased the I Pad we also signed up for AT&T Wireless, $14.99 month for 250 MB of data usage. This allows the user to download information anywhere AT&T has service. We have wireless service at the Township Building and if the Board members had wireless in their home we could dispense with this expense. The only down side would be their inability to download the agenda packets at a remote location.

$650 WITH UPGRADES AND MS OFFICE

Eee PC 1215B

SKU # : 1215B-PU17; 1215B-MU7

12.1" Ultra-Portable Featuring an AMD Accelerated Processing Unit

The Eee PC™ 1215B ultra-portable packs plenty of power into a portable form factor, proving the adage that "Good things come in small packages." The netbook's AMD® processor features Accelerated Processing Unit architecture that integrates discrete graphics with the CPU for better processing power, better graphics performance and lower power consumption, delivering up to 8 hours* of uninterrupted computing. Users can project PC content onto a compatible external display via the HDMI port and experience faster data transfer with features such as Bluetooth 3.0 (1215B-PU17) and USB 3.0(1215B-PU17). The netbook's full-sized Chiclet keyboard offers a roomy touchpad ensures a more comfortable typing experience and the Palm Proof function enables more accurate typing.

Energy/Environment Standards	
EPA Energy Start Compliant	Yes
EPEAT Compliant	No
EPEAT Level	N/A

Product Highlights

Accelerated Processing Unit
The 1215B's AMD processor features an Accelerated Processing Unit architecture which integrates discrete graphics with the dual-core processor to deliver a combination of processing and graphics power in a portable form factor. Users can seamlessly multitask with the dual-core AMD processor. From Internet browsing to watching HD videos and viewing PowerPoint, the Accelerated Processing Unit enables a visually richer and more responsive experience. An integrated ASUS Super Hybrid Engine intelligently manages power and allows the ultra-portable to consume less power and help deliver an up to 8 hours of battery life* so users can work without worrying about recharging.

Multimedia
The netbook integrates a 12.1" LED-backlit display and an up to 1366 x 768 display resolution so that users can enjoy immersive and rich visuals. DirectX® 11 support delivers smooth, 3D animation, and more lifelike and nuanced graphics. For a larger workspace or to share presentations with others, users can project PC content onto an external display for Full1080p HD visuals and up to 8 channel sound via the netbook's HDMI connection.

User Comfort
At a mere 3.21 lbs with battery, the Eee PC 1215B is an ideal PC companion that won't weigh down on-the-go professionals and students. Users will not sacrifice comfort for portability with the netbook's full-size Chiclet keyboard and can easily zoom in and out to view photos or read documents with the netbook's roomy touchpad. The keyboard comes with a Palm Proof function to distinguish between palm and finger contact surfaces for more accurate typing. Departing from traditional netbook sizes, the 1215B offers an ample 12.1" screen estate so users can view movies and work comfortably.

Advanced Connectivity
On-the-go users can enjoy faster Internet browsing speeds and higher throughput with high speed 802.11b/g/n. With users nowadays consuming and creating more digital content, the netbook's Bluetooth3.0 (1215B-PU17) and USB 3.0 (1215B-PU17) provide a faster solution for transferring data. Users can transfer files up to 10 times** faster with USB 3.0 as compared to USB 2.0. USB 3.0 is also compatible with existing USB 2.0 devices. Professionals who edit video files will especially find the netbook's advanced connectivity a useful solution for quickly moving and working with large files. Professionals can connect with business partners across the world by videoconferencing with the integrated 0.3 Megapixel camera.

F9 Recovery
By simply pressing the "F9" key during boot up, users can both easily back up the factory default system files to an external USB storage device and restore the system back to its original factory settings. This is especially convenient in the case that the Eee PC is infected with a virus.

Segment Focus

Education: Weighing only 3.21 lbs with battery, the thin and light 1215B slides into students' backpacks and can easily be transported around campus or the classroom. Equipped with an AMD Accelerated Processing Unit, students can multitask with ease as well as enjoy a rich visual experience when browsing the Internet, watching HD videos or viewing PowerPoint presentations. DirectX® 11 support delivers more realistic graphics for in dorm entertainment. The Accelerated Processing Unit combined with ASUS Super Hybrid Engine technology help deliver up to 8 hours* of uninterrupted computing, so students can study and work for hours on end without being dependent on power cords. With the HDMI port, students can expand their workspace and teachers can output learning tools to share with the classroom. Students can also stay productive on-the-go with the netbook's high speed wireless 802.11b/g/n and quickly transfer data via Bluetooth 3.0 and USB 3.0.

Business: The netbook's size, long battery life, and advanced connectivity options make the 1215B the ideal PC companion of mobile professionals. Despite its portable form factor, the netbook rewards users with a 12.1" ample screen real estate and an ergonomic full-sized Chiclet keyboard with a roomy touchpad for enhanced user comfort. With the netbook's Accelerated Processing Unit, professionals can multitask with ease and enjoy faster web browsing and richer visuals. The netbook's advanced connectivity is especially useful for professionals who work frequently with video editing and need to move and work with large files, which can be quickly transferred with USB 3.0. The processor also helps deliver up to 8 hours* of computing on a single charge, so professionals can work from anywhere without worrying about power cords. Distances are bridged with the 0.3 Megapixel built-in webcamera with a security lens, which supports video conferencing and simultaneously protects the user's privacy.

6/7/2011	
	We can utilize the same process that the Police Commission uses. The Commission currently deposits $66,000 a year to this fund. You just need to create by resolution a separate fund that would be held in East Goshen Township's name. . The question is "how much do you want to deposit to the fund. annually?". We are responsibile for ~56% of the liability.
6/14/2011	We had a report done as of the end of 2010. Te Commission's liability as of 12/31 is $5,111,714. We are currently pay. We would need to contribute 56% of $852,849 if we wanted to satisify the liability in 10 years, 56% of $599,80 if we wanted to satisfy it in 20 years and 56% of $520,652 if we went with 30 years.
7/26/2011	Solicitor has drafted the trust agreemtent and needs to discuss with Rick prior to forwarding to the BOS
8/9/2011	Review trust agreement and ordinance
8/16/2011	Review second draft of the trust agreement and ordinance
9/6/2011	Ordinance hearing on 9/6/11. Need to select trustees, execute agreement and hire a fund manager.

Re: December Monthly Report

Meters: Meters were read on a daily basis as well as the portable meters.

C.C. Collection: The main breaks that were located in Supple Valley have been repaired. We are in the process of televising some laterals that were active when they were televising. The public works department has to excavate Strasburg Toad on Thursday to replace a broken manhole cover.
The pumping stations were visited on a daily basis for routine maintenance. The number one pump at Ashbridge had to be pulled and sent out for repair when the main seal went bad causing the motor to trip out on overload. We were notified of a sewer lateral blockage on Barker Drive, the public works dept. was able to clear the blockage by using a plunge ring in the stack pipe. We placed a dozen vent caps for the month.

Lochwood Plant: Routine maintenance was performed during the month.

R.C. Collection: The pumping station was visited on a daily basis as part of our routine maintenance.

Ridley Plant: The public works department performed routine maintenance during the month of December. The trough was vacuumed out in the screen room. The parts have arrived for the UV chamber; we will schedule the bulb replacement later this month. The burnt out uv rack was delivered to Siemens for repairs; I hope to have it back by the end of the month.

Alarms: We received 34 alarms for the month of December.

PA One Calls: The Public Works Dept. responded to 117 PA One Calls.

Re: NPDES Discharge for Stormwater Construction Activities
Lockwood Chase STP Diversion
No. PAI01151127
East Goshen Township
Chester County

Dear Mr. Smith:

Enclosed is the above-referenced permit which authorizes the discharge of stormwater from the construction activity described in the final erosion and sedimentation control plan and the permit application. Please contact the Chester County Conservation District to make arrangements to obtain your copy of the approved final erosion and sedimentation control plan. The plan must be fully implemented and available at the construction site. A pre-construction meeting must be scheduled with the District. Failure to do so may result in suspension of your permit.

Please read carefully Parts A, B, and C of the permit which detail the terms and conditions of this authorization. Conservation district's staff and/or representatives of the Department of Environmental Protection may inspect this earthmoving activity to determine compliance with applicable permit requirements, Chapters 92, 101, and 102 Rules and Regulations and the Clean Streams Law.

Permit requirements and federal regulations at 40 C.F.R. Section 122.21(b) require "when a facility or activity is owned by one person but is operated by another person, it is the operator's duty to obtain a permit." Please be advised that once a contractor has been selected for the project, the permit must either be transferred to the contractor or the contractor must be made a co-permittee. The enclosed form must be used to add a co-permittee.

Enclosed is a Notice of Termination form to complete and file when construction activities have ceased and final stabilization has been achieved.

This authorization does not relieve the applicant from applying for and obtaining any and all additional permits or approvals from local, state, or federal agencies for the construction activity.

If you have any questions, please contact me.

Sincerely,

James Newbold, P.E.
Regional Manager
Watershed Management

December 30, 2011

Dear Martin Shane,

Thank you for your continued financial support of the Malvern Library. I live in East Whiteland Township and use the services of the Malvern Library. The Malvern Library is valuable resource for our community.

Recently, Willistown Township asked for Cub Scout Packs 98 and 71 to assist in their Eighth Annual Coat Collection Drive. We approached the Malvern Library in hopes to use their library as a drop off location and they graciously granted us permission. With their help we collected 564 coats.

This is only one of the many ways the Malvern Library helps the local community. I trust you will continue to financially support this valuable resource in our community.

Respectfully,

Jill Holsclaw
