

RESOLUTION 2014-121

RESOLUTION OF THE SUPERVISORS OF EAST GOSHEN TOWNSHIP, CHESTER COUNTY, PENNSYLVANIA (hereinafter "the municipality").

WHEREAS, Section 5 of the Act of January 24, 1966, P.L. 1535, No. 537, known as the "Pennsylvania Sewage Facilities Act," as amended, and the Rules and Regulations of the Department of Environmental Protection (Department) adopted thereunder, Chapter 71 of Title 25 of the Pennsylvania Code, requires the municipality to adopt an Official Sewage Facilities Plan providing for sewage services adequate to prevent contamination of waters and/or environmental health hazards with sewage wastes, and to revise said plan whenever it is necessary to meet the sewage disposal needs of the municipality, and

WHEREAS, Pennoni Associates Inc. has prepared an Update Revision to the East Goshen Township Act 537 Plan which provides for sewage facilities to divert flow from the Township's Chester Creek sewage collection system to the Township's Ridley Creek sewage collection system, and

The alternative of choice to be implemented is the construction of a pump station at the intersection of Reservoir Road and East Strasburg Road that will divert approximately 300,000 gallons per day (gpd) of existing residential and commercial wastewater from East Goshen's existing Chester Creek Interceptor to East Goshen's Existing Ridley Creek Sewage Treatment Plant. The key implementation activities/dates include the following:

<u>Project Milestone</u>	<u>Tentative Dates</u>
Submit Act 537 Plan Update Revision to PADEP	August 2014
PADEP Approval of Act 537 Plan Update Revision	December 2014
Submit WQM Part II Application to PADEP	August 2015
PADEP Approval of WQM Part II Permit	December 2015
Construction Bidding	TBD ⁽¹⁾
Award Construction Contract	2 months after bidding
Begin Construction	3 months after bidding
Complete Construction	9 months after bidding
Pump Station Activation	TBD ⁽²⁾

⁽¹⁾ The construction contract bidding period will occur after two consecutive quarters in which East Goshen Township's average daily flow to West Goshen Township (as measured at the Westtown Way Meter in the Chester Creek Interceptor) exceeds 950,000 gpd. Initiation of bidding and construction at an average daily flow of 950,000 gpd is projected to put East Goshen in position to have a pump station that is fully constructed and ready for operation when flows exceed 1,000,000 gpd.

⁽²⁾ The pump station will not be permanently activated and placed into service until the intermunicipal flow exceeds 1,000,000 gpd.

WHEREAS, East Goshen Township finds that the Facility Plan described above conforms to applicable zoning, subdivision, other municipal ordinances and plans and to a comprehensive program of pollution control and water quality management.

NOW, THEREFORE, BE IT RESOLVED that the Supervisors of the Township of East Goshen hereby adopt and submit to the Department of Environmental Protection for its approval as a revision to the "Official Plan" of the municipality, the above referenced Facility Plan. The municipality hereby assures the Department of the complete and timely implementation of the said plan as required by law (Section 5, Pennsylvania Sewage Facilities Act as amended).

I, Louis F. Smith, Jr. Township Manager, East Goshen Township, hereby certify that the foregoing is a true copy of Resolution No. 2014-121, adopted AUGUST 19, 2014.
