

COMMERCE COMMISSION of East Goshen

July 16, 2015

There were no official Commerce Commission (CC) meeting dates during June and July in preparation for the CC's Newsletter launch early this fall.

JULY:

Members of the CC visited a number of corporations within the I/BP Zones for various events and purposes: Advanced Staging Productions was congratulated by the CC at their 30 year Anniversary celebration lawn fest. The CC interviewed another gracious corporation - ACERO Precision for their EGT Newsletter contribution. Arrangements were made with CC assistance, including attendance, at two corporate visitations & facility tours of their operations - both cordially and generously hosted by Tecniplast USA and C.T.D.I. (Communications Test Design, Inc) and a welcome greet was extended to newly moved-in Star Printing Company.

The CC resumed its monthly meetings schedule on August 20.

The next CC meeting will be September 17, 2015.
