

## East Goshen Township Parks & Recreation Committed to Fun

The EGT Hide the Gnome program is a fun way EGTPR introduces new patrons to the park, reintroduces residents to new park amenities or simply gets families outside, moving together! An estimated 300 families take part each summer in this bi-weekly activity!

EGTPR recently celebrated our first Poet Laureate, Virginia Strong Newlin. During her two year term, she held countless Poetry in the Park events, formal poetry workshops and was our champion of the written word. We look forward to our next Poet Laureate continuing to add to this program's success.

Each year, we host Halloween and Christmas House Decoration Contests. Residents submit their handy work, and the general public votes for the winners on social media.

In partnership with East Goshen Elementary School, EGTPR hosted a "Why is Play Important" essay contest. Entries were collected during class, with Hannah D winning because Play "makes you feel amazing...and its FUN!"
