**ADDENDUM TO DEED OF EASEMENT AND
TEMPORARY EASEMENT FOR CONSTRUCTION**

THIS ADDENDUM TO DEED OF EASEMENT AND TEMPORARY EASEMENT FOR CONSTRUCTION AGREEMENT (the "Agreement") is made this ____ day of _____, 2019 by and between **EAST GOSHEN TOWNSHIP**, a Second Class Township, Chester County, Pennsylvania, with an address of 1580 Paoli Pike, West Chester, Pennsylvania 19380 (the "Township"), and **SUNOCO, LLC**, a Delaware limited liability company with an address of 8111 Westchester, Dallas, Texas 75225 (the "Owner").

BACKGROUND/RECITALS

WHEREAS, Owner is the owner of a parcel of property containing approximately 1.1 acres, located in East Goshen Township, Chester County, Pennsylvania, which is more particularly identified as Chester County Tax Parcel No. 53-4-2 (the "Property"); and

WHEREAS, on January 4, 2016, by Resolution No. 2016-140, the East Goshen Township Board of Supervisors adopted the Paoli Pike Trail Feasibility Study and Master Plan, last draft dated December 30, 2015 ("2015 Plan"), whereby the Board agreed to develop a public recreational trail (the "Trail") through certain properties within the Township primarily along the frontage of Paoli Pike; and

WHEREAS, a portion of the Trail will cross over approximately 0.093 acres or 4,050 square feet of the Property ("Trail Easement") in the location which is identified as the Sidewalk Easement on sheet 7 of 13 of a plan titled, "East Goshen Township Drawings Authorizing Acquisition of Right-of-Way for State Route 2014 Section PPT RW in Chester County", dated January 24, 2018, prepared by McMahon Associates, Inc. (the "Plan"), a copy of which is attached hereto as Exhibit "A" and incorporated herein; and

WHEREAS, in order to construct the Trail, the Township also requires a traffic signal easement over approximately 0.015 acres or 652 square feet of the Property ("Required Traffic Signal Easement") in the location which is identified as the Traffic Signal Easement on the Plan which is attached hereto as Exhibit "A" and incorporated herein in order to revise, install, maintain, repair and replace as necessary a traffic signal at the intersection of Paoli Pike and Boot Road (the "Traffic Signal"); and

WHEREAS, in order to construct the Trail, the Township also requires a temporary construction easement over approximately 0.054 acres or 2,338 square feet of the Property ("Temporary Construction Easement") in the location which is identified as the Temporary Construction Easement on the Plan which is attached hereto as Exhibit "A" and incorporated herein in order to construct the Trail and the Traffic Signal; and

WHEREAS, Owner has granted to the Township easements for the Trail, Traffic Signal and Temporary Construction Easement over and across the portions of the Property more particularly described in the following documents and depicted on the Plan subject to the terms and conditions set forth in the following documents:

- (i) Deed of Easement dated _____ recorded _____ in the Office of the Recorder of Deeds for Chester County on _____ in Book _____, page _____;
- (ii) Deed of Easement dated _____ recorded _____ in the Office of the Recorder of Deeds for Chester County on _____ in Book _____, page _____; and
- (iii) Temporary Easement for Construction dated _____ (collectively the "Easement Agreements").

WHEREAS, the parties wish to set forth the obligations of the Township with respect to the use of the Property for the Trail, Traffic Signal and Temporary Construction Easement as granted by Owner in the Easement Agreements;

NOW THEREFORE, the Township and Owner, each intending to be legally bound hereby agree as follows:

1. **Incorporation of Recitals.**

The Background of this Agreement is incorporated herein by reference.

2. **Use of Permanent Trail Easement.**

A. The Township and its agents, employees, contractors and subcontractors, shall be permitted and authorized to use the Trail Easement for the sole purpose of constructing, reconstructing, improving, repairing and maintaining the Trail and all necessary accessories and appurtenances used in connection with the Trail, including associated stormwater best management practices and light standards. The Township and the general public shall be permitted and authorized to use the Trail and Trail Easement solely as a recreational trail for pedestrian, bicycle and non-motorized vehicle traffic subject to the rules and regulations established by the Township for the use of the Trail generally. At a minimum, the Township shall prohibit the Trail from being used by motorized recreational vehicles including but not limited to motorcycles, mini-bikes and snowmobiles, except that motorized vehicles shall be permitted to be used as necessary for handicapped accessibility and by authorized Township employees, police, or others

specifically authorized by the Township for the purpose of patrolling and maintaining the Trail Easement or accessing the Trail Easement in the case of an emergency.

B. Owner shall not erect, maintain or allow any improvements on, over and under the Trail Easement, or take or allow any action which would affect free and unimpeded access to or use of the Trail Easement and other rights and privileges granted herein. The Township and Owner shall prohibit barriers, structures, fences, curbs or other obstructions from impeding the free and unhampered use of the Trail Easement by pedestrians, bicyclists and non-motorized vehicle traffic.

C. The Township shall permit the use of the Trail Easement for only the uses which are identified in Paragraph 2.A above. No use of the Trail Easement shall interfere with Owner's reasonable and customary use, operation and maintenance of the Property.

3. **Term of Trail Easement/Temporary Construction Easement.**

A. The Township and its successors and assigns shall have the right to use the Trail Easement for as long as the Township, or its permitted successors and assigns, maintain the Trail as a public recreational trail. In the event the Township formally vacates or abandons the use of the Trail Easement, the Township shall forthwith notify Owner and if requested by Owner, the Township shall execute a release in recordable form, which will memorialize that the Trail Easement granted herein is terminated and of no further force and effect. In the event the Trail Easement is terminated and the Trail abandoned, the Trail and any structures installed on the Property for the Trail shall be removed, and the ground restored substantially to its condition prior to such disturbance generally as prescribed in Paragraph 6.B., hereof.

B. The Temporary Construction Easement shall commence when the Township through its agents, employees, contractors and subcontractors commences the construction of the Trail and shall automatically terminate and become null and void following the Township's completion of the Trail and the installation of the Traffic Signal. The Temporary Construction Easement shall be self-terminating.

4. **Use of Permanent Traffic Signal Easement.**

A. The Township and its agents, employees, contractors and subcontractors, shall be permitted and authorized to use the Traffic Signal Easement for the sole purpose of constructing, reconstructing, improving, repairing and maintaining the Traffic Signal and all necessary accessories and appurtenances used in connection with the Traffic Signal.

B. Owner shall not erect, maintain or allow any improvements on, over and under the Traffic Signal Easement, or take or allow any action which would affect free and unimpeded access to or use of the Traffic Signal Easement and other rights and privileges granted herein.

5. **Term of Traffic Signal Easement.**

The Township and its successors and assigns shall have the right to use the Traffic Signal Easement for as long as the Traffic Signal is installed at the intersection of Paoli Pike and Boot Road. In the event the Township removes the Traffic Signal, the Township shall forthwith notify Owner and if requested by Owner, the Township shall execute a release in recordable form, which will memorialize that the Traffic Signal Easement granted herein is terminated and of no further force and effect. In the event the Traffic Signal Easement is terminated and the Traffic Signal removed, the Traffic Signal and any structures installed on the Property for the Traffic Signal shall be removed, and the ground restored substantially to its condition prior to such disturbance.

6. **Construction of the Trail and Traffic Signal.**

A. Owner is not responsible for construction of the Trail or Traffic Signal. The Township shall be solely responsible for obtaining and maintaining during the course of construction all necessary governmental permits that are needed to construct the Trail and Traffic Signal. The Township, through its employees, agents, contractors and subcontractors shall be solely responsible for constructing the Trail and Traffic Signal generally in accordance with the Plan and all governmental permits and approvals that are issued for the Trail and Traffic Signal. During the construction of the Trail, the driveway access to the Property shall not be obstructed. The Township and its employees, agents, contractors and subcontractors shall construct the Trail and Traffic Signal in accordance with sound engineering and construction principles and shall perform any work within the Trail Easement and Traffic Signal Easement in a good and workmanlike manner so as to create the least interference with the Property. Owner acknowledges that there will be some level of interference with the Property as would normally be associated with the construction of a trail and installation of a traffic signal. The Township shall notify Owner at least thirty (30) days prior to commencing construction of the Trail and Traffic Signal on the Property.

B. The Township, promptly following or exercising its rights and privileges hereunder to construct the Trail and Traffic Signal shall backfill any areas excavated, compact the ground as may be appropriate and fully restore the surface of the ground to substantially its condition prior to such disturbance, (except for the cartway of the Trail which shall be improved with an asphalt surface and cement concrete curb ramps at intersections). Any areas outside of the cartway of the Trail which were disturbed during the construction of the Trail shall be filled, compacted and seeded with grass as may be necessary to restore the surface of the Property to substantially its condition prior to such disturbance or with equal surfacing of gravel, macadam, concrete or other improved surface as the case may be. If as a result of the construction, reconstruction or maintenance of the Trail or Traffic Signal on the Property or the use of the Trail Easement or Traffic Signal Easement, the Property is damaged, the Township shall restore the same to the condition which existed prior to such disturbance.

C. The Township shall not permit any claim, lien or other encumbrance arising from the construction of the Trail or Traffic Signal on the Property to accrue against or attach to the Property. If any such claim or lien is filed against the Property as a result of work performed or materials provided for the construction of the Trail or Traffic Signal, the Township shall satisfy said claim as promptly as possible and shall defend, indemnify and hold harmless the Owner.

7. **Maintenance of the Trail and Traffic Signal.**

A. The Township, at its sole cost and expense, shall be responsible for any and all year-round maintenance of the Trail which is constructed within the Trail Easement. The Trail and associated stormwater best management practices shall be maintained in accordance with the policy adopted by the Board of Supervisors of the Township for maintenance of the Paoli Pike Trail as the same may be amended from time to time by resolution of the Board. A copy of the policy adopted by the Board of Supervisors on January 7, 2019 is attached hereto as Exhibit "B". The Township, for itself and its successors and assigns, hereby covenants and agrees to continuously maintain, repair, replace and reconstruct the Trail and associated stormwater best management practices within the Trail Easement so as to provide a safe, non-motorized vehicle and pedestrian recreational trail. The Township agrees to mow the grass in the area between the Trail and Paoli Pike so that the grass is no higher than 6 inches.

B. The Township, at its sole cost and expense, shall be responsible for any and all year-round maintenance of the Traffic Signal which is constructed within the Traffic Signal Easement. The Traffic Signal shall be maintained in accordance with the standards established by the Pennsylvania Department of Transportation and any conditions established in the traffic signal permit held by the Township.

8. **Indemnity and Insurance.**

A. The Township agrees to indemnify, defend and hold harmless Owner from and against any damage, liability, claim, settlement, cost and expense, award, judgment, damage, fine, fee, or other loss (collectively referred to as "Damage" or "Damages") suffered by Owner, arising out of (1) any injury and/or loss and/or Damage caused by the acts or omissions, or intentional misconduct of the Township or its agents, employees, contractors, subcontractors, assigns or successors-in-interest, in the construction and maintenance of the Trail and Traffic Signal and its performance of its responsibilities hereunder; or (2) any personal injury or death or property damage or Damages resulting from the use of the Trail Easement and Traffic Signal Easement after the date of this Agreement, including, without limitation, any use by the general public or by the Township or any of its agents, employees, licensees, contractors, subcontractors and invitees; provided however, that such injury or damage was not caused by the gross negligence or willful misconduct of Owner; or (3) personal injury or death, property

damage or Damages resulting from any trespass or entry into or onto the Property from the Trail by a user of the Trail.

B. Nothing in this Agreement limits the ability of the Township or Owner to avail themselves of the protections offered by any applicable law affording immunity to the Township including, to the extent applicable, the Recreational Use of Land and Water Act, Act of February 2, 1966, P.L. (1965) 1860, No. 586, as amended, 68 P.S. §477-1 *et seq.* (as may be amended from time to time).

C. The Township shall obtain and maintain during the entire term of this Agreement adequate public liability and property damage insurance policies covering any injury, death or property damage resulting in any way from the use of the Trail Easement and Traffic Signal Easement on the Property. Such insurance policies shall provide bodily injury, including death, and property damage coverage in the minimum amount of One Million (\$1,000,000.00) Dollars per occurrence and Two Million (\$2,000,000.00) Dollars in the aggregate. The insurance policies shall be occurrence based and shall name Owner as additional insured, and copies of the insurance policies shall be provided to Owner upon request. The insurance policies shall provide that such policy may not be cancelled without first giving Owner 30 days' prior written notice of cancellation.

9. **Covenants Running with the Land.**

The covenants and obligations of this Agreement shall be covenants running with the Property and the parties hereto agree for themselves and their successors and assigns that in any deed of conveyance of all or any portion of the Property to any person, partnership, corporation, or other entity that said covenants and obligations shall be incorporated herein by reference to this Agreement and the recording hereof as fully as if the same were contained therein. Owner's liability under this Agreement shall be limited to its interest in the Property and upon Owner's transfer of legal title to the Property to a transferee such transferee shall automatically assume all of the liabilities of the Owner which shall accrue during the term of such transferee's ownership and Owner shall be relieved of all further liability under this Agreement.

10. **Enforcement.**

If either party determines that this Agreement is being or has been violated by the other party, the non-defaulting party may, in addition to other remedies available at law or in equity, seek injunctive relief to specifically enforce the terms of this Agreement or to restrain present or future violations of this Agreement.

11. **Notices.**

Any notice or other communication given hereunder or pursuant hereto shall be in writing and shall be personally delivered (in which event such notice shall be deemed effective only upon such delivery), or sent by a nationally-recognized overnight delivery
