Chairperson's Report

C. Supple asked J. Altshul about summer newsletter, content is due by the end of May. D. Shuey noted that the Board of Supervisors approved signing on to the SolSmart program.

Old Business

A. Sustainability Seminar Rescheduling Options

- a. C. Supple discussed rescheduling the seminars back to back, maybe every other week starting in June. Other members thought that would be difficult to put together in a short time, agreed upon to host the solar/geothermal seminar in early June. K. Happ to reengage solar/geothermal speakers to set a date.

New Business

A. Cadmus Report Analysis - The overarching consideration needs to be strategies that are either cost neutral or that save money in the short-term, given the impact that the shutdowns will have on our cashflow.

- a. K. Happ led a general discussion of the CADMUS report. J. Altshul stated that the COG is moving forward with the Purchasing Power Agreement. T. Kilburn

questioned whether nuclear should be considered in green energy solutions. D. Shuey noted that solar on the Township Building, EV stations and the Purchasing Agreement would be great places to start in lieu of changes to state regulations. The SAC scheduled a meeting for May 4, 2020 to discuss the CADMUS report in detail. Each member will review and rank the recommendations prior to the meeting.

B. Discussion of inclusions for June Newsletter insertion (due May 27)

- a. C. Supple asked J. Altshul about summer newsletter, content is due by the end of May. D. Shuey noted that the Board of Supervisors approved signing on to the SolSmart program.
