Old Business

Tom reported that they received only 8 responses from ABC members to the email survey asking ABC members if they were for or against the proposed mission statement. 5 were in support of the statement and 3 were opposed. Tom expressed disappointment that the overall response rate was so low. Given the lack of interest among ABC members about the statement, there was a consensus to not take any further action on the proposed mission statement.

Tom noted that he had been in discussion with Rick regarding adding two members of the Board of Supervisors to the Business Park Task Force. That issue would be on Tuesday's Supervisors agenda. Jon stated that this Task Force would likely be an effective vehicle for the Futurists to raise some of the issues it had been working on with both the Board of Supervisors and residents as a whole.

New Business

There was agreement to broach the Township-wide community survey with the Board of Supervisors at an upcoming meeting.
