Newsletter Deadline for Fall 2021: August 24.

The Chairperson, in his or her sole discretion, shall have the authority to rearrange the agenda accommodate the needs of other board members, the public or an applicant.

Public Comment – Pursuant to Section 710.1 of the Sunshine Act the Township is required to include an opportunity for public comment which is intended to allow residents and/or taxpayers to comment on matters of concern, official action or deliberation which are or may be before the

Board of Supervisors. Matters of concern which merit additional research will be placed on the agenda for the next meeting. The Board of Supervisors will allocate a maximum of 30 minutes for public comment at each meeting.

Constant Contact - Want more information about the latest news in the Township and surrounding area? East Goshen Township and Chester County offer two valuable resources to stay informed about important local issues. East Goshen communicates information by email about all Township news through Constant Contact. To sign up, go to www.eastgoshen.org, and click the "E-notification & Emergency Alert" button on the left side of the homepage.

ReadyChesco - Chester County offers an emergency notification system called ReadyChesco, which notifies residents about public safety emergencies in the area via text, email and cell phone call. Signing up is a great way to keep you and your loved ones safe when disaster strikes. Visit www.readychesco.org to sign up today!

Smart 911 – Smart 911 is a new service in Chester County that allows you to create a Safety Profile at www.smart911.com that includes details you want the 9-1-1 center and public safety response teams to know about your household in an emergency. When you dial 9-1-1, from a phone associated with your Safety Profile that information automatically displays to the 9-1-1 call taker allowing them to send responders based on up-to-date location and emergency information. With your Safety Profile, responders can arrive aware of many details they would not otherwise know. Fire crews can arrive knowing exactly how many people live in your home and where the bedrooms are located. EMS personnel can know family members' allergies or specific medical conditions. And police can access a photo of a missing family member in seconds rather than minutes or hours, helping the search start faster.

Westtown East Goshen Regional Police Department

Do you want to get the latest news about what is happening with the Westtown-East Goshen (WEGO) Police Department? WEGO has an online tool called CRIME WATCH that gives the public direct access to crime and public safety related information happening in our community. Local residents are encouraged to visit the website and connect with the police department social media sites.

To sign up for CRIME WATCH, https://chester.crimewatchpa.com/wegopd/53548/content/links.

F:\Data\Shared Data\Agendas\Board of Supervisors\2021\2021-06-1_Board of Supervisors Agenda with time.doc

1 EAST GOSHEN TOWNSHIP 2 **BOARD OF SUPERVISORS MEETING** 3 1580 PAOLI PIKE 4 **TUESDAY, May 4, 2021 Draft MINUTES** 5 6 7 Note: In light of the Coronavirus pandemic, this was a virtual video-conference meeting 8 conducted via the Zoom platform. In response to media reports about the vulnerability of the 9 Zoom platform, public participation was limited to telephone. 10 11 **Present:** Chairman David Shuey; Vice-Chairman Mike Lynch; Members: John Hertzog, 12 Marty Shane and Michele Truitt; Township Manager Rick Smith; Public Works Director Mark Miller; Zoning Officer Mark Gordon; Finance Director Dave Ware; Pipeline Task Force Member 13 14 Christina Morley 15 16 Call to Order & Pledge of Allegiance David called the meeting to order at 7:00 p.m. Marty led the Pledge of Allegiance. Michele 17 18 called for a moment of silence to recognize active military, retire military and first responders. 19 20 David announced that the meeting is being recorded and livestreamed on YouTube. 21 22 Chairman's Report 23 Michele made a motion to appoint Derek Davis as Interim Township Manager effective May 24, 2021. Upon Rick Smith's retirement on June 16, 2021, Derek Davis will assume the role of 24 25 Township Manager, Township Secretary, Right-to-Know Officer and Assistant Zoning Officer. 26 Mike seconded. The motion passed 5-0. 27 28 David announced: 29 a. That the Board met in executive session prior to tonight's meeting to discuss a pending 30 legal matter concerning the Flynn (Safety Seven) V. Sunoco matter that is before the 31 PUC and with the Township Solicitor to discuss a legal matter concerning the Paoli Pike 32 Trail easements. 33 b. Dr. Sasowsky's report on the subsidence at 410 North Chester Road has been received 34 and a summary by the Pipeline Task Force has been posted on the website. 35 c. The notice to proceed for Segment A of the Paoli Pike Trail (Airport Road to Ellis Lane) 36 has been issued and the work is expected to commence by the end of May. 37 38 Public Hearing - Consider ordinance amending East Goshen Township Code, Chapter 83 39 titled "Animals", and the East Goshen Township Code, Chapter 169 titled "Peddling and 40 Soliciting. 41 The Board conducted a public hearing to adopt an ordinance that amends the East Goshen Township Code, Chapter 83 titled "Animals", Section 83-11 to require owners of animals to 42 43 reimburse the township fees that the township incurs in responding to animal complaints, seizure 44 and detention of animals. This hearing was also conducted to amend Chapter 169 titled 45 "Peddling and Soliciting", Section 169- 2 to revise the process for issuance of a peddling and

46

soliciting license. Kristin explained that the ordinance already accounted for the Township to be

- allowed to be reinbursed for charges from animals being detained. This change addresses that
- 2 the Township be reimbursed for charges that are incurred from a situation without detention.
- 3 Kristen also explained that since the Township will now be providing pictures for the peddling
- 4 and soliciting licenses, the requirement for solicitors to provide their own pictures has been
- 5 removed.
- 6 Michele made a motion that the ordinance be adopted as stated. John seconded. The motion passed 5-0.

8 9

10

A court reporter was present and will provide a full transcript of the hearing. A copy of the transcript will be appended to the minutes of this meeting when the decision becomes "final, binding and nonappealable."

11 12 13

14

Approval of Minutes

Davide made a motion to approve the minutes of April 20, 2021, as amended. Michele seconded. The motion passed 5-0.

15 16 17

18

19

Approval of Treasurer's Reports

John motioned to graciously accept the receipts and approve the expenditures as presented in the Expenditure Register and as summarized in the Treasurer's Report for April 29, 2021. Michele seconded. The motion passed 5-0.

20 21

Old Business - None

25

26

27

New Business

Consider Paoli Pike Trail easements for Acero Holdings

- Mike motioned that the Board of Supervisors authorize the Chairman to sign the Paoli Pike Trail easement agreements for the four parcels along Segment B of the Paoli Pike Trail (parcel #'s 53-
- 28 4-168, 53-4-169) and (parcel #'s 53-4-166 and 53-4-167), owned by Acero Holdings LLC., and
- 29 authorize Township staff to issue payment of consideration for the easements for the total
- amount of \$46,200 and \$28,400, respectively. Michele seconded.
- 31 Marty noted that these easements are the last that are needed for the Paoli Pike Trail. Mike added
- that he appreciates the cooperation of Acero. The motion passed 3-2 with Michele and John dissenting.

24

3435

36

37

Consider request from Village Square Shopping Center

- Mr. Edward McFalls has requested from the Township relief from adding back the center islands that were removed during the Sunoco construction. Rick explained that when Hershey's Mill was
- 38 approved in 1978 the Zoning Ordinance did not require a landscaped island every ten parking
- 39 spaces. The current Ordinance requires that the parking area and perimeter be landscaped. Ed
- 40 McFalls has agreed to landscape the perimeter of the parking.
- 41 Mike made a motion to grant Hershey's Mill Commercial Holding's request with the condition
- 42 that the plant material proposed for the islands be installed along the perimeter of the parking lot
- or other appropriate places, such as the Quaker Village Site, as determined by staff and the
- Conservancy Board at a later date. Michele seconded. The motion passed 5-0.

45 46 Consider Resolution 2021-199 recognizing the dedication and efforts of the "Safety 7" Michele stated that the Resolution should also recognize the Pro Se Complainants: Melissa

DiBernardino, Rebecca Britton, and Laura Obenski. Mike made a motion to add the 3 Pro Se

Complainants to the Resolution 2021-199 recognizing the dedication and efforts of all parties on

behalf of East Goshen and the community. Michele seconded. The motion passed 5-0.

Consider recommendation to allow Rec Program activities at the Township Building
Jason introduced Evan Tyler who will be working as a summer intern at the Township. Jason

explained that the Department of Parks and Recreation is investigating when the Township building can be safely reopened for indoor programming. The Park & Recreation Commission

recommends that the Township begin Youth, Fitness and Senior programs starting June 1, 2021.

All COVID-19 regulations will be followed. Michele a motion to approve the limited reopening of the Township building and offering of the Park and Recreation Programs as noted in their

April 29th letter to the Board. Mike seconded. The motion passed 5-0.

Consider recommendation for Long Range Planning Session and Budget Process

Rick suggested the Long Range Planning Session take place on June 8 at 7:00 pm. This would be a public workshop meeting with public comment at the end. Michele motioned to schedule the Long Range Planning Session for Tuesday, June 8 at 7 pm and that budget workshops are scheduled for 7 pm on the dates as listed below:

June 8, 2021	Long Range Planning Session
July 1, 2021	Distribute budget memo & worksheets to ABC chairs & department heads
July 20, 2021	Present Q2/June financial report with year-end projections
August (all month)	Finance Director attends ABC meetings to discuss budgets, meet with Dept. heads & Township Manager to discuss specific budget requests
August 17, 2021	Present July financial report with year-end projections
September 2, 2021	Deadline for all budget submissions from Dept. heads and ABC chairs
September 14, 2021	Present proposed preliminary General Fund budget to BOS (workshop)
September 21, 2021	Present August financial report with year-end projections. Announce Pension MMOs.
September 28, 2021	Present preliminary proposed budgets for all other funds to BOS, review proposed preliminary General Fund budget (workshop).
October 12, 2021	Review all proposed preliminary budgets (workshop).
October 19, 2021	Present Q2/September financial report with year-end projections
October 26, 2021	Review all proposed preliminary budgets (workshop)
November 9, 2021	Present final proposed All Funds budget Make budget available for public inspection Advertise budget in <i>Daily Local News</i> (at least 20 days prior to adoption)
November 16, 2021	Present October financial report with year-end projections
November 23, 2021	Review final proposed All Funds Budget (if needed) (workshop)
November 30, 2021	Review final proposed All Funds Budget (if needed) (workshop)
December 7, 2021	Adopt Budget
December 14, 2021	Review final proposed All Funds Budget (if needed) (workshop)
December 21, 2021	Fall Back Date for budget adoption Present November financial report with year-end projections

^{*}highlighted dates are not regular meetings.

John seconded. The motion passed 5-0.

Consider replacement of phone system

David made a motion to award the replacement phone system contract to Candlestick Communications in the amount of \$7,944.00. John seconded. Marty asked if there was a reason why Exercomm was not considered. Mark Miller stated that Candlestick Communications has serviced the Township well in the past. The proposed system is an upgrade and will allow for options to be added in the future. The motion passed 5-0.

Consider recommendation on issuance of refuse and recycling bids

The Township's refuse and recycling contract is up at the end of 2021 and will need to go out for bid in the near future. Rick suggested and noted the following changes:

- yard waste be changed to a once-a-week collection
- revise the bid specs to allow for recycling carts
- reduce the size limit on the diameter of branches from 6" to 2"
- each truck will have a real time camera system
- White goods removal will be a separate no-cost service provided by calling the Township

Michele expressed a concern with the branch diameter change. Michele made a motion to direct staff to solicit bids for Refuse and Recycling Services with the changes noted except for the changes in branch diameter from 6" to 2". Mike seconded.

2.5

Christina Morley stated that she is in favor to the once-a-week yard waste collection but questioned if the days will be alternated by N/S of Paoli Pike. Rick answered that there is no proposal to change the date from Wednesday for all residents.

The motion passed 5-0.

Consider Stormwater Agreement for 1631 E. Strasburg Road.

Michele made a motion that the Board authorize the Chairman to sign the storm water management, operation and maintenance agreements for: 1631 E. Strasburg Road Mike seconded. The motion passed 5-0.

35 Any Other Matter

David made a motion to refer the attorney's comments on the judge's decision regarding the Megan Flynn et al v Sunoco Pipeline case to the Pipeline Task Force to ask them to provide input to the Board. Michele seconded. The motion passed 5-0.

There was discussion about having Sunoco restore the berm along Boot Road / Village Square Shopping Center to its previous state. The Board will support this effort. David made a motion to have staff work with Ed McFalls to draft a letter of support to Sunoco for proper remediation of those properties. John seconded. The motion passed 5-0.

Public Comment - None

1	Correspondence
2	The Board acknowledged receipt of Zoning Hearing Board Application letters from ESKE for
3	1302 Wilson Drive and from CTDI for 1365 Enterprise Drive.
4	
5	Adjournment
6	There being no further business, Michele made a motion to adjourn at 8:25 pm. John seconded
7	The motion passed 5-0.

1 EAST GOSHEN TOWNSHIP 2 **BOARD OF SUPERVISORS MEETING** 3 1580 PAOLI PIKE 4 **TUESDAY, May 11, 2021** 5 **Draft MINUTES** 6 7 Note: In light of the Coronavirus pandemic, this was a virtual video-conference meeting 8 conducted via the Zoom platform. In response to media reports about the vulnerability of the 9 Zoom platform, public participation was limited to telephone. 10 **Present**: Chairman David Shuey; Vice-Chairman Mike Lynch; Members: John Hertzog, 11 12 and Michele Truitt; Township Manager Rick Smith; Interim Township Manager Derek Davis, Zoning Officer Mark Gordon; Finance Director Dave Ware 13 14 15 Call to Order & Pledge of Allegiance Mike called the meeting to order at 7:00 p.m. Marty led the Pledge of Allegiance. Mike called 16 17 for a moment of silence to recognize first responders, health-care workers, and front-line 18 workers. 19 20 Mike announced that the meeting is being recorded and livestreamed on YouTube. 21 22 Chairman's Report 23 Mike announced: 24 The Board met in executive session prior to tonight's meeting with the solicitor to discuss a judgement issued by the Court of Common Pleas. 25 26 • Ken Lorence has resigned from the Historical Commission. 27 28 Westtown East Goshen Police Report Chief Brenda Bernot recapped that during the last 30 days there were 886 calls for services in all 29 three Townships served by WEGO. This is up 38.4% from last year. She continued that in East 30 Goshen there were 485 calls for service, an increase of 39.4% from last year. She noted that 31 32 although 2021 has had an increase in the calls for service, the total is less than pre-pandemic 33 levels. Stress levels are reflected in the types of calls the department has received. 34 David asked if the CODY system has been implemented to which Chief Bernot replied that it is 35 scheduled the beginning of June. 36 37 Fire Company Reports Carmen reported the following fire company statistics for East Goshen: 38 39 • In the past three weeks there were 3 elevator calls at Wellington. In April, Goshen Fire Company responded to 21 fire calls, 8 fire police calls and 170 EMS 40 41 calls. 42 • In April, Malvern Fire Company responded to 24 calls – 3 BLS (Basic) and 21 ALS 43 (Advanced Life Support). 44 • In April, Good Fellowship responded to 48 calls. A deck fire in Malvern was quickly attended to and reported by a neighbor and that was 45 quickly attended. 46

1 Michele asked if there were any false alarms from Wellington to which Carmen replied that there 2 was one, but the calls have dropped off significantly.

3 4

5

Carmen noted that since COVID restrictions are easing, firefighting practice and drilling has resumed back to pre-pandemic. He asked if the Board could attend tone of the practice drills at the West Chester burn center.

6 7 8

Carmen announced that there will be a fair this summer and the 15-week club fundraiser may be held.

9 10 11

12

13

14

15

Financial Report

Dave Ware reported that as of April 30 the general fund had a positive variance of \$1,009,592 with a balance of \$6,564,068. On the expense side Dave noted that the actual Police expenses are driving the favorable variance to budget in Emergency Services Expenses. The favorable variance in actual Administration expenses vs budget will be flat due to a \$55K payment to DVHT for insurance. Dave reported that overall revenues performed stronger than anticipated.

16 17 18

Approval of Minutes

None.

19 20 21

22

23

Approval of Treasurer's Reports

Michele made a motion to accept the receipts and approve the expenditures as presented in the Expenditure Register and as summarized in the May 6, 2021, Treasurer's Report. John seconded. The motion passed 4-0.

24 25 26

Old Business

None

27 28 29

30

31

32

33 34

New Business

Consider recommendation on ESKE Development variance request.

John Jaros representing ESKE Development LLC explained that they are seeking relief from §240-19 G of Township code to reduce the 100-foot rear yard setback requirement to 96.5 feet (a deviation of 3.5 feet.). The surveyor misinterpreted the plans resulting in this 3.5-foot error in the placement of the building foundation. This error was discovered when the as-built drawings were being prepared to close out the project. This hearing will document this nonconformity.

35 36 37

- David made a motion that the Board of Supervisors take no position on the ESKE
- Development, LLC dimensional variance application for their property at 1302 Wilson Dr. and 38
- 39 have the application move to the Zoning Hearing Board. Michele seconded. The motion passed 40 4-0.

41 42

Consider recommendation on 331 Springhouse Lane variance request

- 43 The resident is seeking relief from §240-32.E Fences and Walls of Town code for the new 7.5-
- 44 foot tall brick pillars that are being installed on their new 6 foot privacy fence.
- Michele made a motion that the Board of Supervisors take no position on the dimensional 45
- variance application of Albert and Lynn Greto, for their property at 331 Springhouse Lane and 46

5/11/21 May 11, 2021 2 have the application move to the Zoning Hearing Board. John seconded. The motion passed 3-0.
(Note: David was not present for this vote.)

3 4

5

6

Consider Resolution 2021-29 updating the Code of Conduct for Township ABCs

John made a motion to pass Resolution 2021-29 updating the code of conduct for the Township Authorities, Boards and Commissions. Michele seconded. The motion passed 3-0. (Note: David was not present for this vote.)

7 8 9

10

11

12

13

Consider Resolution 2021-34A increasing the fee for a soliciting license.

Rick noted that the fee for obtaining a solicitors' license has increased from \$32 to \$50 due to the process of making the IDs in house with IDVILLE. Michele made a motion to pass Resolution 2021-34 establishing and consolidating the various fees and charges imposed pursuant to the code of the Township. John seconded. The motion passed 3-0. (Note: David was not present for this vote.)

14 15 16

17

18 19

Consider information about reopening the Township Building

Jason explained that Governor Wolf announced that as of May 31, all COVID-19 related guidelines will be lifted except for face masking. Face masking will be lifted when 70% of PA residents 18+ are vaccinated. With regards to ABC meetings, the new guideline makes in-person, public meetings a viable option with general public attendance.

202122

23

24

25

Mike made a motion that as the Township moves under the Governor's direction that the Board will allow each ABC to choose their own platform for meetings for June, July & August. In addition, the Board of Supervisors will continue to hold Zoom meetings for the 1st formal meeting of the month and the Long Range Planning Session. The Board will hold in-person meetings for the 2nd formal monthly meeting. John seconded. The motion passed 4-0.

262728

Acknowledge Park and Rec Update

The Board acknowledge the summer programing updates from the Department of Parks and Recreation.

30 31 32

29

Consider Stormwater Agreement for 1448 Patterson Lane.

Michele made a motion to authorize the Chairman to sign the stormwater management, operation and maintenance agreement for 1448 Patterson Lane. Mike seconded. The motion passed 4-0.

Any Other Matter

Consider State Historic Preservation Office (SHPO) I Phase 1 Archeological Survey for Paoli Pike Trail Seg B Joint Permit Application.

- Mark Gordon explained that McMahon Associates advised that the joint permit submission must
- 40 include a Phase 1 Archeological Survey. As part of the review process, the PA SHPO is
- requiring this additional study to be included with the final joint permit application to DEP. The cost proposal for the Phase 1 Archeological Survey is \$17,400.
- Mike made a motion to accept the \$17,400 expense for the survey. David seconded. The motion
- 44 was tied at 2-2 with Michele and John against. This will need to be on a future agenda for action

to be taken.

EAST GOSHEN TOWNSHIP MEMORANDUM

TO: BC

BOARD OF SUPERVISORS

FROM:

DAVE WARE

SUBJECT:

PROPOSED PAYMENTS OF BILLS

DATE:

MAY 27, 2021

Attached please find the Treasurer's Report for the weeks of May 6, 2021 - May 27, 2021.

The General Fund includes revenues of \$138,780 for real estate transfer tax, \$58,402 from Q1 2021 Verizon franchise fee, and \$1,000 donation to the Township from Filmmakers Showcase.

We received an insurance reimbursement of \$51,784 for accident damage at Boot/Paoli, which is offset by expenses for the same.

Earned Income Tax realized strong revenue of \$419,703 this month and Local Services revenue of \$64,400.

On the General Fund expenditure side, we incurred \$1,113 for wild flowers for Marydell open space and Paoli Pike.

The Capital Reserve Fund incurred \$7,945 in expense for replacement phone system. Our current system is deteriorating and is obsolete. This capital item is budgeted for and the replacement cost came in less than anticipated.

Recommended motion: Mr. Chairman, I move that we graciously accept the receipts and approve the expenditures as presented in the Expenditure Register and as summarized in the Treasurer's Report.

To: Board of Supervisors

From: Mark Gordon, Township Zoning Officer

Re: Paoli Pike Trail Seg. B Joint Permit Application

State Historic Preservation Office (SHPO) / Phase 1 Archeological Survey

MC

Dear Board Members,

As you know, McMahon Associates advised has advised us that the Joint Permit submission for the project must include a Phase 1 Archeological survey. As part of the review process, the PA SHPO is requiring this additional study to be included with the final Joint Permit Application to DEP. This study was not anticipated or included in the original McMahon contract for engineering services.

This survey requires McMahon's sub consultant (Lotus Environmental) to conduct research of the project area, perform shovel test excavations, conduct analysis of the shovel excavations, and produce a report to submit with the Joint Permit Application.

A full description of the scope of work and a proposal to conduct the archeology investigation is enclosed for your review. The cost proposal for the Phase 1 Archeological Survey is \$17,400.

TRANSPORTATION ENGINEERS & PLANNERS

Mr. Louis (Rick) Smith Township Manager East Goshen Township 1580 Paoli Pike West Chester, PA 19380

RE: Proposal for Engineering Services - Supplement No. 3

Paoli Pike Trail – Segments A and B East Goshen Township, Chester County, PA McMahon Project No. 816417.20

Dear Mr. Smith:

McMahon Associates, Inc. (McMahon) is pleased to provide this proposal to perform supplemental engineering services for work associated with the Paoli Pike Trail Project. Segment B will require the submission of a Joint Permit Application for review by the PADEP and U.S. Army Corps of Engineers. The application process requires the applicant (Township) to submit a project review form to the Pennsylvania State Historic Preservation Office (SHPO) for review and concurrence that the project has no impacts to above ground structures and archaeological resources. Based on their review letter dated April 16, 2021, it is their opinion that a Phase I Archaeological Survey should be conducted to locate potentially significant resources based on their concern with the existing topographic setting (farmland), soil type and slope and proximity to water. Please note that this initial coordination was completed under our current contract. The Phase I Archaeological Survey will need to be completed and reviewed for approval by the SHPO prior receiving final approval for the Joint Permit. The additional services include our subconsultant to complete the Phase I Archaeological Survey in accordance with the following scope of services:

Scope of Services

Task 1 - Archaeological Investigations

Lotus will conduct archaeological investigations for the project. The archaeological investigations will be conducted in accordance with Section 106 of the National Historic Preservation Act (NHPA) of 1966, as amended, and the implementing regulations developed by the Advisory Council on Historic Preservation (36 CFR 800), as amended. The studies will follow the requirements set forth in the Pennsylvania Historical and Museum Commission's (PHMC) Pennsylvania State Historic Preservations Office (SHPO): Guidelines for Archaeological Investigations (2017). State involvement for permitting will be addressed under the authority of the Environmental Rights amendment, Article 1, Section 27 of the Pennsylvania Constitution and the Pennsylvania History Code, 37 Pa. Cons. Stat. Section 500 et seq. (1988).

Coordination: Lotus will coordinate with the SHPO to delineate the Area of Potential Effects (APE) and appropriate levels of investigation and documentation for the project.

Background Research: Lotus will review the Pennsylvania Historical and Museum Commissions (PHMC) PA-Share database to research previously identified archaeological sites and historic structures located within the project area. Lotus will also conduct background research on the environmental setting, previous research, and the prehistory and history of the project area to provide a context within which archaeological resources can be assessed.

Shovel Test Excavation: It is anticipated that the field effort necessary to identify archaeological resources will consist of the subsurface excavation of a series of STPs within undisturbed portions of the APE for this project. STPs will measure 0.57-meter (22 inches) in diameter and will be excavated to culturally sterile subsoil horizons or 0.75-meter, whichever is shallower. Excavated soils will be screened through 0.25-inch hardware cloth. Where feasible, STPs will be excavated by stratigraphic level, and recovered artifacts will be collected separately by provenience. Upon completion of the archaeological investigations, STPs will be backfilled to their original grade. It is assumed that a maximum number of 60 STPs will be excavated. STPs will be excavated to a depth not to exceed 0.75 meters below ground surface. At this time, it is not anticipated that deep testing and/or geomorphological analysis will be necessary.

Laboratory Analysis: Lotus will perform analysis and curation of artifacts and cultural materials if any are recovered during the archaeological survey. It is assumed that a maximum number of 100 artifacts will be recovered during the Phase I investigation. Artifact analysis will focus on characterizing the age, type, and function of the material. Cultural material will be prepared for curation in accordance with SHPO guidelines.

Report Production: If no archaeological sites are identified, Lotus will prepare a **Phase I Archaeological Investigations Negative Survey Form** in accordance with the PHMC SHPO standards and guidelines. If an archaeological site(s) is identified, Lotus will prepare a complete **Phase I Archaeological Survey Report**. The report will include a context, an environmental setting, a description of the background research, fieldwork, and analyses conducted for the survey (including appropriate supporting maps, photographs, tables, and a bibliography) as appropriate. The report will also present specific recommendations for avoidance, minimization of effects, or recommendations for further investigation of these resources.

The draft report will be submitted to the Township for review and comment. Lotus will address the comments and submit the revised report to the Township for submission to the PA SHPO. Lotus assumes two rounds of revision: one to address the Township comments and one to address SHPO or CP comments. Lotus does not anticipate consulting party coordination for the archaeological investigations. Additional archaeological studies (Phase II and III) are not included in this proposal. The need for these additional studies will depend on the Phase I findings and SHPO's review. The additional studies will be completed under a supplemental proposal as authorized by the Township.

Schedule

We are prepared to initiate the field work within 2-3 weeks after the receipt of written authorization to proceed and permission from the Hick's property. The field work will be completed in 5 days, preparation of the report will be completed within 3 weeks and the SHPO review will take 30 days.

Fee

Based on the scope of services described above, the fee for the above tasks is as follows:

Task 1 – Archaeological Investigations	\$ 17,400
TOTAL	\$ 17,400

This fee includes out-of-pocket expenses, including reproduction, plotting, graphics, and reimbursement of personal automobile usage. The services to be performed pursuant to this agreement are strictly limited to those expressly set forth herein. No additional services will be provided unless requested and agreed to in writing. Supplemental services not specifically described above, including but not limited to, additional topographic survey, Phase II and III studies, engineering design and plans related to any required mitigation work associated with the archaeological findings, additional meetings, are not included in the scope of this proposal, but will be provided, as necessary and as authorized under a separate work order. Please refer to our agreed upon Provisions for Professional Services.

TERMINATION

This agreement may be terminated by the authorized representative effective immediately on receipt of written notice. Payment will be due for services rendered through the date written notice is received.

BINDING STATUS

The client and McMahon Associates, Inc. bind themselves, their partners, successors, assigns, heirs, and/or legal representatives to the other party to the Agreement, and to the partners, successors, assigns and legal representatives of such other party with respect to all covenants of the proposal. If this Agreement is between McMahon Associates, Inc., and a Limited Liability Corporation, i.e., LLC, or Other business, than that addressed in this Proposal, another "binding" business, or personal business must be assigned, and indicated below, to guarantee the payment for the services rendered, herein. In addition, we would require the name and Owner of the subject project property. If the provided information cannot be verified by McMahon Associates, Inc., work will not commence on your project until verification is satisfied.

TERMS AND CONDITIONS

The conditions of this agreement call for the signed execution of this contract with the understanding that invoices for services will be submitted monthly and are payable within 30 days of issuance. All invoices not paid within 30 days are subject to a 1.5% monthly interest charge, and all projects with overdue balances exceeding 60 days will be subject to a stoppage of work. Any changes in the specific work program described above will result in an adjustment of the conditions and fees. This agreement (and Exhibits, if any) hereto sets forth the entire understanding between the parties with respect to the subject matter hereof, supersedes any and all prior understandings, whether written or oral with respect to the subject matter hereof and may not be altered, modified, changed, amended or waived in any manner, except in a writing signed by all of the parties hereto. The fee quoted is valid for a period of 90 days from the date of this proposal. If the terms of this contract, as contained herein, and in the attached *Standard Provisions for Professional Services* are agreeable to you, please execute both

copies of the agreement in the space provided and return one signed copy to our office. If you should have any questions, or require further information, please feel free to contact me at (610) 594-9995, ext. 5129. We appreciate the opportunity to submit a proposal on this project and look forward to working with you on this important engagement.

Sincerely,

By:

Stephen C. Giampaolo, P.E.

RE: Trailer Replacement

The 20 ton tag- along trailer we use to move equipment was scheduled for replacement last year. However, we deferred it to this year. The trailer is fully depreciated and is budgeted to be replaced from the Capital Reserve fund. I have attached photos of the split frame rails and cross members.

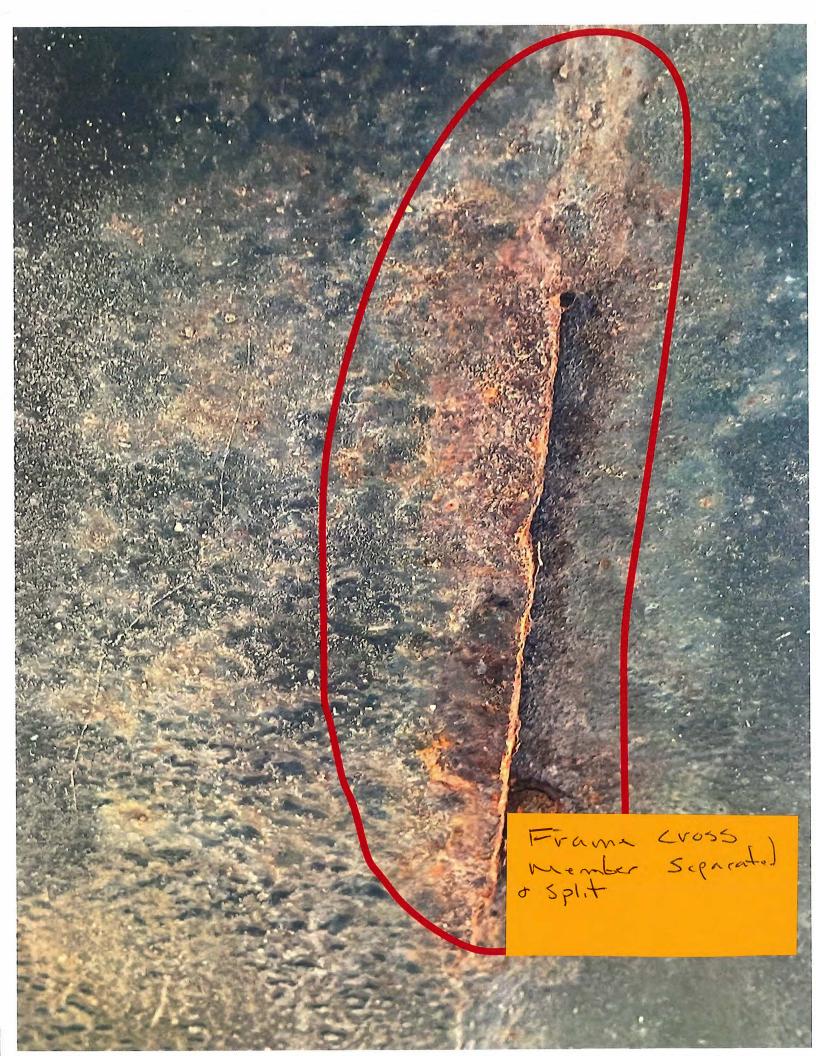

I reached out to two COSTAR vendors, below are the costs:

Groff Equipment	Felling FT-50	\$41,087.92	
Stephenson Equipment	Rogers 21XXL	\$35,261.00	

Motion: To recommend the purchase of the Rogers Trailer in the amount of \$35,261.00

Authorize the Public Works Director to advertise the sale of the old trailer on Municibid and except the highest bid.

Ref. Replacement of the side dump spreader

The side discharge spreader is scheduled to be replaced this year. This piece of equipment has been in service for 18 years and is fully depreciated. The main problem is that this piece of equipment is no longer available and we cannot get parts for it. We reached out to two COSTAR vendors for pricing below are the costs. This is in the 2021 budget under capital replacement.

Foley Cat	\$8,925.00	
Inter-Con Equipment	\$10,935.00	

Motion: Mr. Chairmen we authorize the purchase of the side discharge spreader to Foley CAT in the amount of 8,925.00

We authorize the Public Works Director to put this piece of equipment on Municbid and sell to the highest bidder.

Memorandum

East Goshen Township 1580 Paoli Pike West Chester, PA 19380

Date: 05/20/2021

To: Board of Supervisors From: Pipeline Task Force

RE: Public Nuisance Ordinance

The Chester County District Attorney's office has filed civil action against Energy Transfer and the Mariner East Pipeline System. This complaint is seeking to stop or reduce the number of nuisances that risk the health, safety, and welfare of Chester County residents regarding activities connect with the ME Pipeline System.

Additionally, the Chester County District Attorney's office entered a consent decree with Energy Transfer requiring that they abide by laws and permits and not create public nuisances under the Pennsylvania Clean Streams Law.

At their meeting on May 13, 2021, the Pipeline Task Force acknowledged this information and unanimously made a motion to request that the Board of Supervisors pursue revisiting the current public nuisance ordinance as explained in the following draft motion.

DRAFT MOTION:

Mr. Chairman, I move that in light of the recent consent decree by the Chester County District Attorney, Deb Ryan, and given the proposed pipeline and other infrastructure projects underway and proposed in East Goshen Township, that the Board pursue revisiting the current public nuisance ordinance as it relates to pipeline construction, maintenance and operations and furthermore to identify any gaps in the current ordinance that would need to be addressed so the Township can utilize any and all municipal enforcement and/or mitigation powers in order to protect the health, safety, and welfare of our citizens.

Legal Desc. (1) 66&DWG

Dear Mr. Shuey:

We have been directed by Mr. Miller, East Goshen Township to put in writing the following request:

- 1. Bridle Path Between our property issues.
 - a. Trees that are dead
 - b. Drainage problem from Township Property

We have tried to solve this problem with mulch, trees, sandbags and shrubbery. We are asking the township to do their share and place additional sand bags to help to stop and prevent water from washing away what we accomplished as a partial fix. Mr. Miller and the O'Keefes have worked together trying to address these issues.

Trees on Township Property that were dead were cut down and dropped to rear of our property. His contractor did not follow his instructions and damaged several trees on our property. Please discuss with him. He will give you an explanation to what we agreed to that was not followed.

Who is responsible to maintain the Bridle Path?

- 1. Cutting
- 2. Seeding
- 3. General Maintenance

We are not trying to be difficult homeowners, but we just invested a significant amount of money (ours and insurance) to repair the damages to our property caused by the June 3, 2020 storm.

We would be more than happy to invite you to inspect these issues. Mr. Miller can give you the details. Mr. Miller indicated that he will do whatever the Township Supervisors directs him to do.

Look forward to hearing from you to resolve the issues. Thank you for your assistance.

Sincerely.

Francis Thomas O'Keefe

Rose Marie M. O'Keefe

CHESTER COUNTY 1580 PAOLI PIKE, WEST CHESTER, PA 19380-6199

May27, 2021

To Board of Supervisors

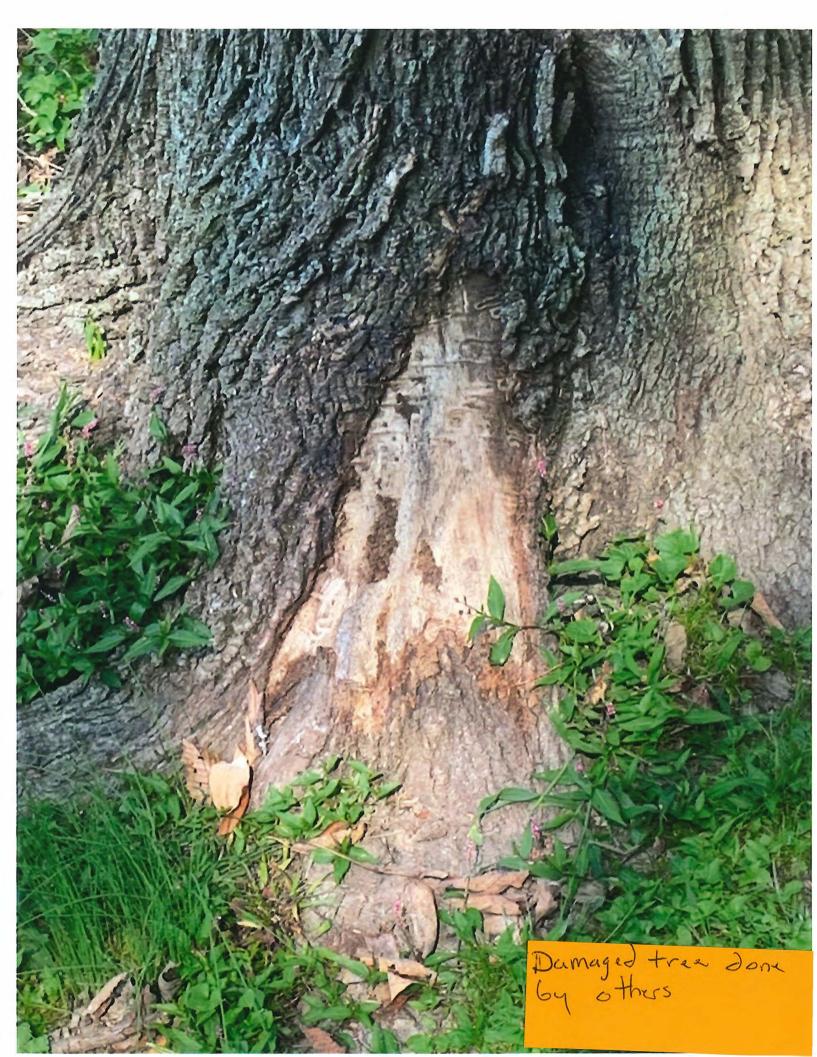

From Mark Miller

Ref. O'Keefe Property

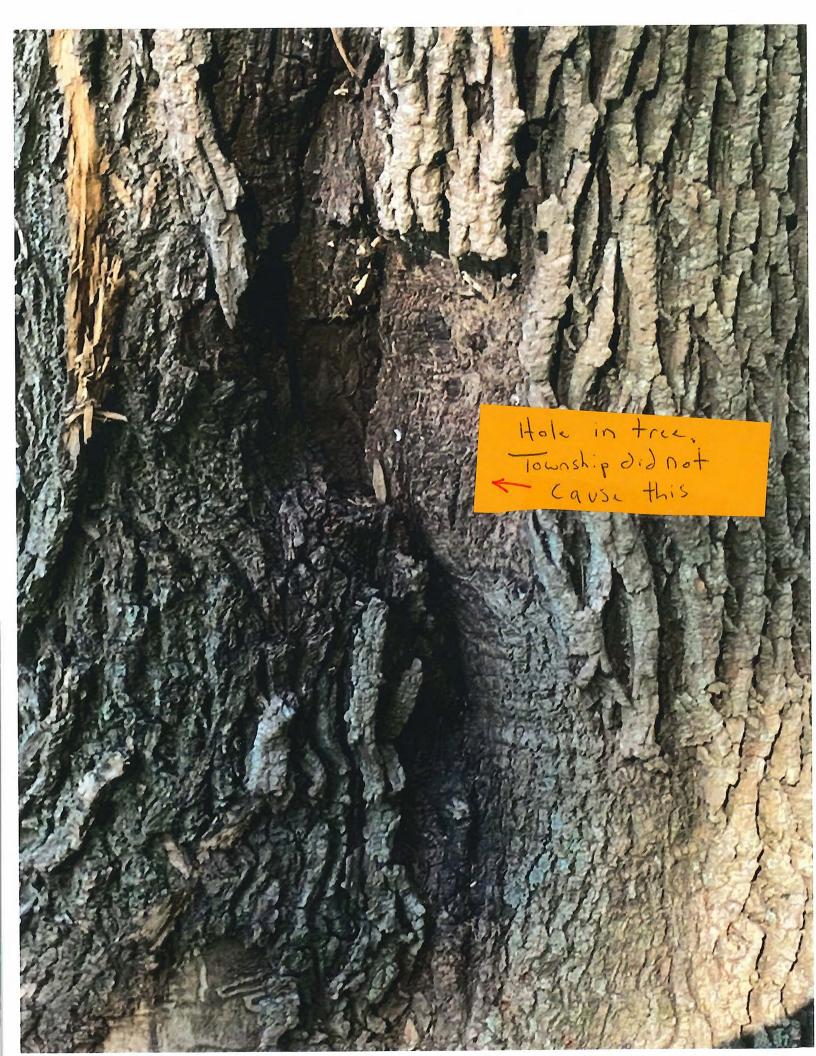

Attached are pictures of the O'Keefe property showing damage to the tree on his property which was **not done** by township personnel. Also the picture shows the property after we chipped the brush and cut the logs which I would add is located on Township open space. Whenever we take down trees in the wooded open space we drop the trees where they are cut up and left in the wooded area.

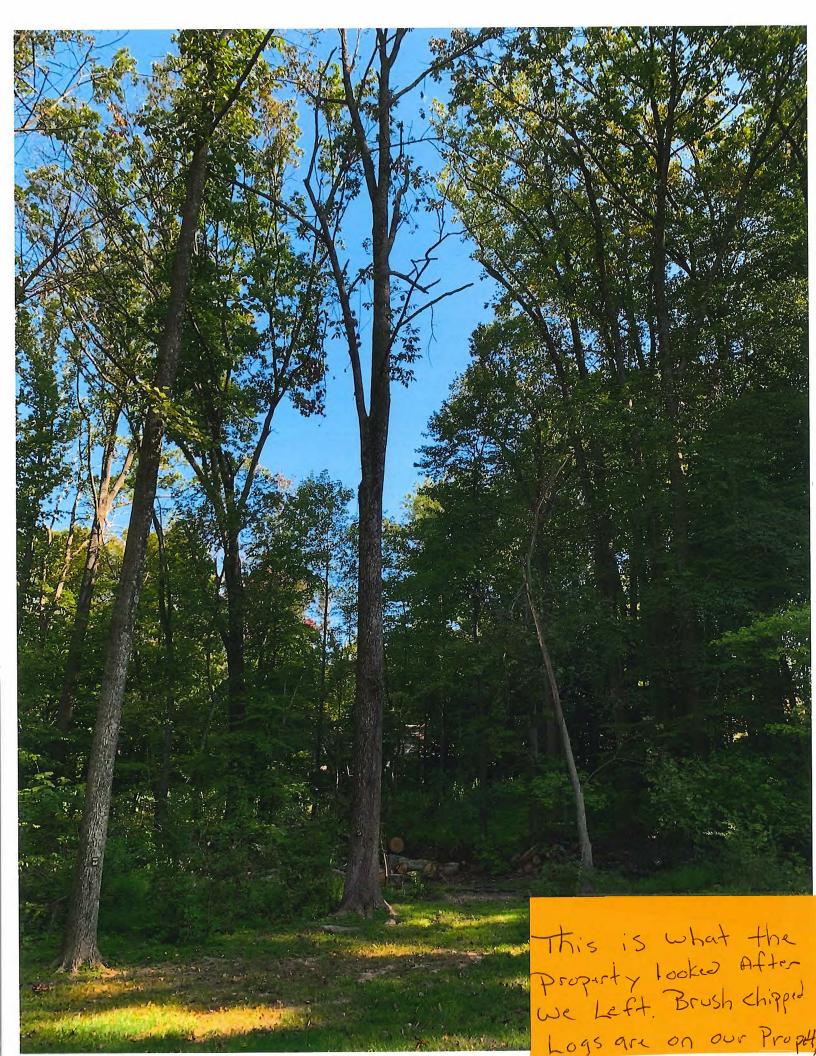

As for the tree in the bridle path there is 8" in diameter tree and it is on the schedule to be removed. The tree's that he mentions behind Sinclair property were ravaged after a storm. We went in and removed the damaged trees, as matter of fact we had to bring Bartlett Tree Service in to remove tree's that were hung up in other tree's.

The water that Mr. O'Keefe speaks of has always ran down the hill and through their property since the development was built. The O'Keefe property sits at the bottom of the hill and as you all know water runs downhill and we cannot change that! If we were to do any grading in the bridle path we would be opening up Pandora's Box.

Memo

Date: May 27, 2021

To: Board of Supervisors

From: Rick Smith, Township Manager Re: Pipeline Awareness Ordinance

As requested we sent the Pipeline Awareness Ordinance to the Chester County Planning Commission for review and their response is attached. Mark Gordon and I have reviewed their comments which in turn have raised a fundamental question about the proposed ordinance.

Comment 10. - The study must be prepared by a professional engineer and it should address the "potential impacts to health, safety and welfare of the occupants... due to the proximity of the ... Pipeline".

Question – What type of study are we looking for?

A study like the one the Quest prepared for Del-Chesco United for Pipeline Safety for the Sunoco pipeline would clearly identify the worst case scenario. However, I think we would be hard pressed to justify that level of effort by the applicant if push came to shove.

At the other end of the spectrum, would we accept a study done by a civil engineer experienced in typical subdivision and land development work? This assumes

Since the study is required for a "conditional use" application the Board would have to decide is the engineer was qualified to do the study.

And from our end we would need to find an engineer who is qualified to review the submission.

Recommendation - As an alternative I would suggest that the Board consider an ordinance requiring that if the property proposed for development is subject to a pipeline line easement, the applicant is required to submit a copy of the development plan to the pipeline company for review and comment. The applicant would be required to address any comments the pipeline company has about the application.

Re: Subdivision and Land Development Ordinance and Zoning Ordinance Amendments – Pipeline

Awareness Study

East Goshen Township - SA-03-21-16684 and ZA-03-21-16686

Dear Mr. Smith:

The Chester County Planning Commission has reviewed the proposed Subdivision and Land Development Ordinance (SLDO) and Zoning Ordinance Amendments as submitted pursuant to the provisions of the Pennsylvania Municipalities Planning Code, Sections 505(a) and 609(e), respectively. The referral for review was received by this office on March 22, 2021. We offer the following comments to assist in your review of the proposed amendments.

DESCRIPTION:

- 1. The Township proposes the following amendments to its SLDO:
 - A. Add definitions for the following terms to Section 205-7: hazardous liquid pipeline, and natural gas transmission pipeline; and
 - B. Add Section 205-40.1, Pipeline Awareness Study. The proposed ordinance language requires that a pipeline awareness study, prepared by a professional engineer licensed in the Commonwealth of Pennsylvania, shall be submitted as part of a preliminary plan submission for any land development, as part of a tentative plan submission for a planned residential development (PRD), or for one of the uses permitted by conditional use that is listed in this section, where the tract is located within 660 feet of the centerline of any hazardous liquid pipeline or natural gas transmission pipeline. Content requirements for the study, along with municipal review standards of the study, are also provided. Furthermore, the proposed ordinance language requires the applicant to provide the pipeline operator a copy of the plans and applications filed with the Township.
- 2. The Township also proposes the following amendments to the conditional use standards set forth in Section 240-31 of the Township Zoning Ordinance:
 - A. Add a requirement to Section 240-31.B(3) that a pipeline awareness study is required for the list of uses permitted by conditional use in this section (we note that this list is identical to the list of conditional uses identified in proposed Section 205-40.1 of the Township SLDO); and
 - B. Add the following sentence to the end of Section 240-31.B.(7): "The Board shall require an applicant to submit a Pipeline Awareness Study for the uses specified in Section 240-31.B(3)."

email: ccplanning@chesco.org website: www.chescoplanning.org

Page:

Re: Subdivision and Land Development Ordinance and Zoning Ordinance Amendments – Pipeline

Awareness Study

East Goshen Township -- SA-03-21-16684 and ZA-03-21-16686

3. We acknowledge that the March 22, 2021 cover letter indicates that this draft Ordinance was developed by the Township Planning Commission with consultation and input from Township Staff, the Township Solicitor, and the Township's Pipeline Task Force Committee.

COMMENTS:

4. According to our copy of the Township SLDO, the existing development and design standards for utility and drainage easements are set forth in Section 250-70; we note that Section 205-70. A states that there shall be a minimum distance of 50 feet, measured in the shortest distance between any proposed dwelling unit and any petroleum products or natural gas transmission line which traverses the subdivision. We suggest that the Township consider adopting the model ordinance standards for plan submission, buffering and setback requirements for new development from transmission pipelines provided on the County Planning Commission's Pipeline Information Center website. The model ordinance language, which is intended to be enacted as part of a municipal SLDO, is available at: https://www.chescoplanning.org/pic/pdf/ResourcesGaadtDevStnds.pdf.

The model ordinance recommends that new residential buildings and all new commercial, industrial and institutional uses other than those surface uses affiliated with transmission pipelines shall be set back a minimum of three hundred (300) feet from any existing or proposed transmission pipeline right-of-way (Section 2.B.(1)).

- 5. We also suggest that the Township consider adopting the model ordinance standards for surface land uses affiliated with transmission pipelines. This model ordinance, which is intended to be enacted as part of a municipal zoning ordinance, is available at: https://www.chescoplanning.org/pic/pdf/ResourcesGaadtSurfLandUse.pdf.
- 6. While 660 feet is a standard consultation zone distance used for natural gas transmission pipelines, it is our understanding that the consultation zone distance for natural gas liquids can go up to 1,000 feet depending on circumstances such as the product and the size of the line. However, the 660 foot distance is often used for all transmission pipelines for new development proposed near transmission pipelines, as noted in the model ordinance language provided on the County Planning Commission's Pipeline Information Center website, and we view this as reasonable distance if a single standard is to be applied. The reasoning behind the 660 foot distance is provided at: https://www.chescoplanning.org/pic/pdf/ResourcesGaadtImpactRad.pdf.
- 7. We recommend that the Township, in its review of the proposed ordinance language, examine the Pipeline Information Center website for additional information on high consequence areas, which are defined by the density of population or types of uses next to pipelines, and may be applicable to several of the higher intensity uses that are being addressed in the proposed ordinance standards: https://www.chescoplanning.org/pic/HCA.cfin.
- 8. The Township's March 22, 2021 cover letter contained an inquiry about whether certain types of development should be exempt from the requirements to prepare a pipeline awareness study. We note that Section 2.B(3) of the model ordinance language discussed in comment #4 requires mitigation measures to be used for "land uses with high on-site populations," and lists examples of those land uses within the same section. These measures typically apply to uses where a large number of people live, work, or do business on a regular basis.

Given the extensive list of uses identified in the draft ordinance, along with the number of transmission pipelines going through the Township, we suggest that the Township determine how

Page:

Re: Subdivision and Land Development Ordinance and Zoning Ordinance Amendments - Pipeline

Awareness Study

East Goshen Township - SA-03-21-16684 and ZA-03-21-16686

often the requirement for preparing a pipeline awareness study will occur, and its potential impact on a wide range of applicants.

- 9. The Township should determine the long-term ramifications if there are any issues regarding the transmission pipeline that are contrary to the findings set forth in the study, including any liability on the applicant and the individual(s) that prepared the pipeline awareness study.
- 10. For clarity purposes, we suggest that the Township identify any specific qualifications required for the individual(s) that will be preparing the pipeline awareness study, in addition to being an engineer licensed in the Commonwealth of Pennsylvania.

<u>RECOMMENDATION:</u> The Commission recommends that the issues raised in this letter be addressed before action is taken on this proposed Subdivision and Land Development Ordinance and Zoning Ordinance amendments.

We request an official copy of the decision made by the Township Supervisors, as required by Section 505(b) and Section 609(g) of the Pennsylvania Municipalities Planning Code. This will allow us to maintain a current file copy of your ordinance.

Sincerely,

Paul Farkas

Senior Review Planner

Youl Farlas

Memo

To: Board of Supervisors

From: Dave Ware

Re: Consider 2021 Sewer Rates

Date: May 27, 2021

We are recommending new sewer rates of \$35.61 fixed and \$9.70 per thousand gallons variable, compared with current rates of \$32.41 fixed and \$9.13/TG variable. At these rates, the average bill for a single family detached home would be \$169.83, compared with \$152.62 a year ago. We are including the adjustment of \$2.57/unit each quarter per Board approval on March 2, 2020 to recoup the cost of rate recalculation from April to July.

Overall, residential water consumption decreased between Q4/Q1 of 2019-2020 and Q4/Q1 2020-2021 by approximately 1,100,000 gallons, or by about 1.0%. The average single-family residential property used 13,838 gallons of water per quarter for the 4th quarter of 2020 and the 1st quarter of 2021 compared to 13,166 gallons a year earlier.

Due to the COVID-related shutdowns, commercial properties drop in commercial consumption in Q2-Q4 2020 has continued into 2021. I am projecting that Q3/Q4 commercial water usage will be nearly flat with average 2020 quarterly commercial water usage. This continued commercial water usage decrease, in particular, will put pressure on sewer rates.

All total, we are looking at a decrease in consumption of about 1.0 million gallons per quarter, or roughly 1.3%. Therefore, according to the rate model, in order to fully collect all estimated sewer costs in 2021, the Township would need to levy a fixed rate of \$33.61 and a variable rate of \$10.27, which could result in an average bill of \$175.79/quarter, or \$23.17 higher than currently. By contrast, if we kept rates unchanged, the average bill would rise by \$6.13 and we should finish the year with an annual deficit of about \$182,000.

Instead, I would recommend that the Board split the difference and charge rates halfway between existing rates and what the rate model calculates, or \$35.61 fixed (\$33.04 plus \$2.57 adjustment for new rate recalculation timing) and \$9.70/TG variable. At this level, the average rate for a single family detached home would be \$169.83, an increase of \$17.21, and the Township is anticipated to incur an annual sewer fund impact of \$57,000, or about 5.7% of the existing sewer fund balance (or about \$1,000,000).

Analysis of Sewer Rate Options

Option	Rates	Average bill (per quarter)	\$ Increase (Average SFD)	% Increase (Average SFD)	Est. Annual Sewer Fund Impact
#1 Keep Rates Unchanged	Fixed: \$32.41 Var: \$9.13/TG	\$158.75	\$6.13	4.0%	\$182,000
#2 Increase Rates to Fully Cover 2020 Costs	Fixed: \$33.67 Var: \$10.27/TG	\$175.79	\$23.17	15.2%	0
#3 Split the Difference	Fixed: \$35.61 Var: \$9.70/TG	\$169.83	\$17.21	11.3%	\$57,000

Key Statistics-East Goshen Township Sewer Rates, 2016-2020

	2017	2018	2019	2020	2021 Proposed*	Change 2020-2021	Change 2017 2021
Fixed rate	\$27.26/	\$27.02/	\$33.74/	\$32.41/	\$35.61/	\$3.20/	+\$8.35/
10000700000 A	Quarter	Quarter	Quarter	Quarter	Quarter	quarter	quarter
Variable rate	\$8.38/TG	\$8.74/TG	\$8.42/TG	\$9.13/TG	\$9.71/TG	+\$0.57/TG	+\$1.33/TG
Metered consumption (TGs full year)	309,260	314,385	302,017	290,132	286,314**	-3,818 TG	-22,946 TG
Average detached home quarterly bill	\$146.26	\$148.37	\$146.01	\$152.62	\$169.83	+\$17.21/ quarter	+\$23,57/ quarter

^{*}Based on "split the difference" approach

Comparison to nearby municipalities

At the proposed rates, the average sewer bills in East Goshen will be in line with those in many nearby communities, as shown below.

^{**} Assumes commercial consumption is 105% of 2020 average in Q3 and Q4

^{*}For townships that use metered water consumption as the basis for bills (Willistown, West Chester and East Goshen), we assumed 13,838 gallons used per quarter (the average 2021 single family consumption in East Goshen); for townships with different rates based on service districts (Willistown, Westtown, Uwchlan and East Whiteland), we used the highest rate. For townships that do not bill quarterly (Tredyffrin, West Chester and West Whiteland), annual or monthly bills were adjusted to a quarterly basis.

Recommended Motion: Mr. Chairman, I move that we adopt Resolution 2021-34B, the revised fee schedule, to amend the Township's sewer rates to \$35.61 per quarter fixed and \$9.70 per thousand gallons variable.

Memo

Date: May 28, 2021

To: Board of Supervisors

From: Rick Smith, Township Manager Re: Milltown Reservoir Park Project

Our application for the permits to lower the Milltown Dam and create a park is currently under review by PA DEP and the US Army Corp of Engineers (ACOE). We have received and addressed the comments from the ACOE. The only outstanding issue with the ACOE is the publication of a notice of their intent to issue a permit.

We have not received any comments from DEP as of this date.

Once we receive the permits from both agencies will be in a position to put the project out to bid.

Since the reservoir has been dewatered we could possibly begin construction this year.

Attached is the proposal I received from Gannett Fleming to bid the project and provide project coordination and inspection services.

Motion – I move that we accept the May 28, 2021 proposal from Gannett Fleming in the amount of \$216,670 for Tasks 1, 2 & 3, and not to exceed \$74,000 for Task 4 and not to exceed \$158,540 for Task 5.

Mr. Rick Smith, Jr., Township Manager East Goshen Township 1580 Paoli Pike West Chester, PA 19380-6199

Dear Mr. Smith,

Subject: Dam Related Engineering Services for East Goshen Township

Bid and Construction Phase Services for Milltown Dam Hazard Reduction Project

As requested by East Goshen Township (Township), we are pleased to provide the enclosed scope and fee proposal for the design team of Gannett Fleming and Simone Collins to provide various bidding and construction phase services for the Milltown Dam Hazard Reduction Project. The scope includes professional engineering and field observation services which can be provided on both a lump sum and time and material basis under our current Master Services Agreement. The following provides our understanding of the project and presents our detailed scope of work and assumptions for the project.

UNDERSTANDING OF THE PROJECT

To address dam safety concerns, East Goshen Township is proposing to reduce the hazard classification of Milltown Dam (DEP ID No. D15-146) located along the east side of Reservoir Road. The project involves lowering the principal spillway and right embankment of the dam such that the facility will no longer impound runoff, reestablishing the East Brach of Chester Creek through the dewatered reservoir, creation of an offline open water feature, and the addition of various landscaping and passive recreation enhancements to convert the dewatered reservoir into a recreational park setting.

The Township is securing the required permits for the project and requests a proposal for professional engineering/landscape architecture services to advance the project through bidding and construction. Gannett Fleming is pleased to provide the Township with a proposal which includes 1) field investigation, 2) bidding services, 3) construction management office support and project closeout services, 4) project coordination meetings, and 5) construction observation services. These tasks are proposed on a lump sum and time-and-material basis as described within this proposal.

Mr. Rick Smith
East Goshen Township

-2-

May 28, 2021

SCOPE OF SERVICES

The following provides our understanding of the requested scope of services. Please note that references to Gannett Fleming throughout this scope of work are intended to refer to the design team of Gannett Fleming and Simone Collins. Please advise if the following scope of services is not in line with your expectations.

Task 1 Field Investigation:

A limited geotechnical exploration program is proposed, consisting of test pits and auger probes, to provide geotechnical information to potential bidders as part of the Milltown Dam Hazard Reduction and Reservoir Enhancements Project. The pertinent geotechnical information to provide prospective bidders includes: the depth of sediment within the reservoir at the probed locations, the soil classification/organic content of the sediment, the soil classification of the existing earth dam that will be removed, and if the sediment and earth dam materials are acceptable for reuse on the project.

As a cost savings measure, it is understood that East Goshen Township will supply and operate a mini excavator and/or auger equipment to perform the test pits. GF will determine the geotechnical exploration locations. It is assumed that test locations will be established in the field by either hand-held GPS or rough field measurements. It is assumed that East Goshen Township will perform the required Pennsylvania One Call prior to starting geotechnical exploration activities. GF will provide an inspector to log the soils encountered in the test pits/auger probes and to collect soil samples for laboratory testing. It is anticipated that the field work can be performed within two days. Typed field logs will be provided. Laboratory testing, consisting of 4 soil classifications (water content, sieve and hydrometer analyses, and Atterberg Limits), 4 compaction tests, and 3 organic content tests are included.

Work will also include finalizing structural design elements, specifications, and drawings as may be needed based on the Task 1 Field Investigations.

Task 2 Bidding Services:

<u>Item 2.1 Develop Bid Package</u>: Gannett Fleming will finalize outstanding design details and assemble a bid package for the purpose of soliciting bids from interested bidders. The bid package will include the front-end documents, a scope of work, construction plans and specifications and will be set up as a Prevailing Wage Project. All secured permits for the project will be incorporated into the bid package.

Mr. Rick Smith
East Goshen Township

-3-

May 28, 2021

<u>Item 2.2 Advertise Project:</u> On behalf of the Township, Gannett Fleming will advertise the project for bid using PennBID. It is assumed that no other forms of advertisement will be used.

<u>Item 2.3 Bid Period and Bid Review:</u> Gannett Fleming will facilitate a non-mandatory prebid meeting which is assumed to be held at either the Township's Municipal Building or at the project site which will include preparing minutes from the meeting and submitting the minutes to the Bidders as an addendum. It is anticipated that a field view of the project site will follow the pre-bid meeting. Gannett Fleming will respond to questions from bidders and issue addenda to clarify the scope of work as needed. Gannett Fleming will review the bids and provide a recommendation of award.

Task 3 Construction Management Office Support and Project Closeout Services:

<u>Item 3.1 Pre-Construction Meeting:</u> Gannett Fleming will schedule and facilitate a pre-construction meeting. Gannett Fleming will invite the Contractor, the Township, and applicable State/Federal agencies as appropriate to the meeting. Gannett Fleming will notify State/Federal agencies as required by the issued permit(s) prior to the commencement of work. These notifications may be combined with the invitation to the pre-construction meeting.

<u>Item, 3.2 General Office Support:</u> Gannett Fleming will provide general office support throughout the construction phase. This will include review of shop drawings and material certifications to verify compliance with the specifications, review of change orders, responding to requests for information which may include preparation of sketches to resolve unforeseen field conditions, and review of Contractor pay requests.

Item 3.3 Substantial Completion and Final Inspection Field Views: At the completion of the project, Gannett Fleming will perform a substantial completion field view to develop a punch-list of remaining activities to be completed. After the Contractor has addressed the punch-list items, Gannett Fleming will perform a final inspection field view to confirm the work complies with the Contract Documents.

<u>Item 3.4 As-Built Plans</u>: Based on red-line markups provided by the Contractor and/or visual observations made by the Township and/or Gannett Fleming field personnel, Gannett Fleming will prepare as-built drawings noting any recorded deviations from the Contract Documents. Deviations will be made in red and Gannett Fleming will provide the Township with an electronic copy (i.e., pdf format) of the as-built drawings. This scope and fee estimate assumes that a final land survey of the completed project will not be performed by Gannett Fleming.

Mr. Rick Smith
East Goshen Township

-4-

May 28, 2021

<u>Item 3.5 Project Close-Out:</u> Gannett Fleming will complete, execute and submit required forms needed to close the applicable permits obtained from DEP, the U.S. Army Corps of Engineers, and the Chester County Conservation District, and will assist the Township on an as-requested basis to close-out grants which the Township has secured for this project. Gannett Fleming will assemble an electronic copy (i.e., pdf format) of the bid package, bids, contract documents, bonds, approved shop drawings, RFI's, meeting minutes and the as-built plans into a single package for delivery to the Township.

Task 4 Project Coordination Meetings

Item 4.1 Project Coordination Meetings: Gannett Fleming will attend project coordination meetings with the Contractor during the construction period. The number and frequency of these meetings may be adjusted depending upon the work being performed. For the purpose of this proposal, a budget of \$74,000 has been established which would accommodate up to twenty (20) in-person project coordination meetings at \$3,700 per meeting. If determined to be appropriate by the Township, virtual project coordination meetings using platforms such as Zoom or Teams can be held at a cost of \$2,160 per meeting. Project Coordination Meetings will be billed per meeting. Should it be determined that additional meetings are required due to conditions such as the project duration, unforeseen site conditions, complexities encountered, etc., Gannett Fleming will provide the Township with a separate proposal for these out-of-scope services. Gannett Fleming will prepare minutes from the Project Coordination Meetings. It is assumed that the minutes from the Project Coordination Meetings will suffice as monthly progress reports to the Township.

Task 5 Construction Observation Services:

Gannett Fleming can provide on-site construction observation to support the Contractor and Township's forces on an as requested basis by the Township. The permit from DEP Dam Safety is expected to require the Township to certify the project is completed in accordance with the contract documents. For Gannett Fleming to provide this certification, construction observation is needed to certify key dam related construction activities. These activities are expected to include the modifications to the principal spillway and right embankment of Milltown Dam, stream channel construction, and the offline open water pond. While it is our understanding that the Township is not requesting full time construction observation services, the level of effort provided under Task 5 assumes that Gannett Fleming will provide onsite construction observation during these key construction activities.

Mr. Rick Smith
East Goshen Township

-5-

May 28, 2021

The level of effort for Task 5 is based on the following assumptions:

- 148 hours are allocated for Simone Collins to provide onsite field visits throughout the course of the project.
- 30 days are allocated for Gannett Fleming to observe the stream restoration work activities.
- 25 days are allocated for Gannett Fleming to observe critical milestones throughout the construction of the principal spillway and right embankment work activities.
- 40 hours are allocated for Gannett Fleming to observe excavation and/or subgrade preparation associated with the offline open water pond.
- 15 days are allocated for Gannett Fleming to observe the parking lot backfill activities.

The Task 5 services will be performed on a time-and-material basis. Labor will be billed based on the attached rate schedule and direct expenses will be billed at cost with mileage billed at the federal mileage rate in place at the time of service (\$0.56/mile for 2021). The estimated manhours for Task 5 assume that Gannett Fleming will be onsite during critical work activities and do not represent full time construction observation. Actual duration of onsite observation may vary depending upon the Contractor's schedule, weather conditions, and other factors beyond the control of Gannett Fleming.

SCHEDULE

The Task 1 Field Investigations and portions of Task 2 Bidding Services will begin immediately upon receiving notice to proceed from the Township. However, the remainder of the schedule will be dependent upon receiving the Dam Permit from the Pennsylvania Department of Environmental Protection (DEP), Division of Dam Safety. Assuming the permit is received in mid to late summer of 2020, it is anticipated that the project can be bid and a contractor secured by the end of 2020. The majority, if not all, of the construction work would then occur during the 2022 construction season.

ASSUMPTIONS

The following assumptions were made in the preparation of this scope of work:

- 1. The project will be advertised using PennBID and no other forms of advertisement will be used.
- 2. The project will be bid as a lump sum price.
- 3. A 12-month construction period is assumed from Notice to Proceed to Final Completion of the project. Should the contractor's schedule, sequence and/or actual duration of activities exceed this assumption; a corresponding adjustment to this proposal may be required.

Mr. Rick Smith
East Goshen Township

-6-

May 28, 2021

- 4. An allowance for project coordination meetings has been provided which will accommodate up to twenty (20) in-person meetings or thirty-four (34) virtual meetings, or a combination thereof. Project coordination meetings will be billed per meeting. Up to two individuals from the Gannett Fleming design team will attend each meeting and the attendees may vary depending upon the work being performed at the time of the meeting. If the assumed budget for project coordination meetings is not used in its entirety, Gannett Fleming requests that any unused part of this fee be retained for use to support additional site visits or other work as may be needed to facilitate the project.
- 5. This proposal assumes that Gannett Fleming will not provide full time construction observation. Refer to Task 5 for assumptions made related to onsite construction observation services.
- 6. No post-construction monitoring is included.
- 7. All quality control testing will be performed by the Contractor. This scope and fee proposal does not include quality assurance testing by Gannett Fleming. Should the Township wish to have these services performed, Gannett Fleming can prepare a separate scope and fee proposal.

COMPENSATION

Our proposed lump sum fee for Tasks 1, 2 and 3, as described within this proposal letter, is as follows:

Task 1:	Field Investigation	\$28,070
Task 2:	Bidding Services	\$43,570
Task 3:	Construction Management Office Support & Project Closeout\$	144,030

Our proposed fee for Task 4, to be billed on a per meeting basis, is as follows:

Our proposed time-and-material fee for Task 5, as described within this proposal letter, is as follows:

Task 5: Construction Observation Services, not to exceed fee of\$158,540

The Task 5 Inspection Services will be billed on a time and material basis in accordance with the attached labor rate schedule. Gannett Fleming will not exceed this allowance without written approval from the Township.

Mr. Rick Smith
East Goshen Township

May 28, 2021

These services can be provided under our current Master Services Agreement. Should the Township choose to secure our services to provide bidding and construction phase services for the Milltown Dam Hazard Reduction project as described within this proposal, we will provide you with a Service Authorization under a separate cover letter to amend our Master Services Agreement for this work activity. If you have any questions about the proposed services or need additional information, please do not hesitate to call me at 717-576-6744 (cell). We thank you for the opportunity to provide this proposal and look forward to continuing our relationship with the Township.

Sincerely,

GANNETT FLEMING, INC. Environmental Resources Division

The East Goshen Board of Supervisors East Goshen Township 1580 Paoli Pike West Chester, PA 19380

To Whom it May Concern,

I would like to bring to your attention the phenomenal work of your public works department in our township.

It is very comforting to know that we own, operate, and take care of the equipment. Very few townships have the moxie to do what we do. In turn it gives us, the residence, the comfort of knowing that our people take care of our township for snow plowing, maintenance, and improvements to our beautiful park.

Thank you for having the foresight to maintain a healthy and quality public works department.

Sincerely,

Thursday, April 29, 2021

Thank you to everyone for your support of libraries! Enclosed you will find the Chester County Library System (CCLS) Annual Report for 2020. Please take a few minutes to look through it, especially at what each library listed as their top 3 outcomes for 2020. It is an amazing list!

In a year that was like none in recent memory, our CCLS Board President William Connor stated,

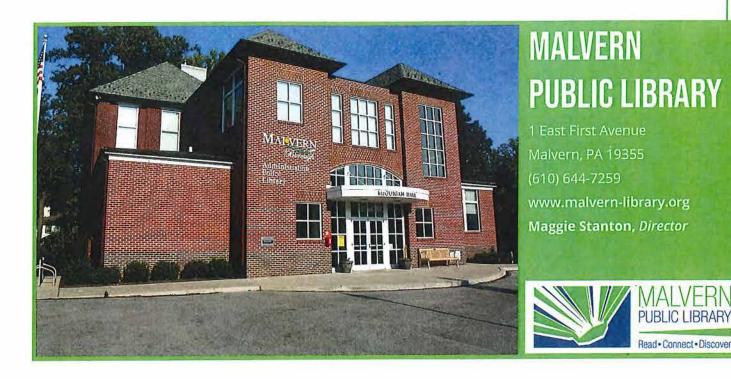

"2020 brought us a range of challenges never encountered before. How do we continue to serve the citizens of Chester County in an environment that maintains the safety of both staff and patrons? How do we adapt to an ever-changing list of pandemic requirements and still provide top-of-the-line services to a community that especially needs us?

Our staff and member libraries rose to the challenge; adapting and innovating throughout the year. Through curbside pickup and increased use of ebooks, the Library System pushed out materials for the community to use for research, education, news sources, and general reading in a manner that preserved both safety and convenience."

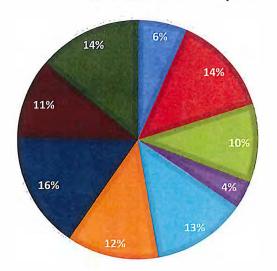

I hope you have a few minutes to go through this report and talk with your library about what they are doing to meet community needs, if there are any unmet needs you are aware of, and how they can help. In 2021, we will continue "Exploring All We Can Do".

Respectfully,

Joseph L Sherwood Executive Director, Chester County Library System

TOP 3 OUTCOMES IN 2020

Started online Yoga classes for children and adults.

Rearranged our collection to provide room for growth of our popular materials.

Created new ways to provide our materials such as children's Book Bundles. These themed bundles included five picture books, one DVD and an activity packet to make getting books to children easier for parents.

"The library was a big part of our life during the COVID-19 Pandemic. With so many cancelled meetups and events, the library was an integral component of our wellness routine. Being able to check out books on a weekly basis provided learning and entertainment for our family that otherwise wouldn't have existed. With schools going fully virtual for the end of the school year we found our kids using electronics for more hours than we would have imagined and picking out books from the library allowed the family to take a necessary break from screens to enjoy reading books."

- Katie K., Malvern Public Library Patron

CELEBRATING OUR STAFF

Our staff have been here adapting to and coping with challenges to bring materials to our patrons. They are dedicated to their jobs and have been finding ways to better meet our patrons' needs.

CONNECTING VIRTUALLY

Our patrons love our story times and bookclubs. These programs were moved online using Facebook Live and Zoom to keep our patrons engaged and provided them a way to keep in contact with their community.

PROGRAMMING SAFELY

For our annual pumpkin painting contest, we moved the event outside to the East Whiteland Battle of the Clouds Park. We found a way to engage with the public that was safe, fun, and in person. We also provided library books for the East Goshen Parks & Recreation department for their outdoor Story Walks this past fall.

LOOKING TO THE FUTURE

We are reimagining how our library space should be for the public. We are looking to update our space to better provide patrons with the library materials and meeting spaces they are looking for.

Prepared Friendly Warm
Current Woke
Open Caring Compliant Adaptive

Accommodating
Books Thoughtful Safe Proactive
Careful Meaningful Welcoming
Inclusive Adaptative Flexible
Spacious Dedication
Zoom Purposeful Access
Cooperative

"We moved here about 5 years ago and the library was like a second home to our family. My two children love reading and the library was one of the first places we sought out. We would visit the library multiple times a week. When Covid hit, my children were impacted when they were no longer able to go to the library. I found that I was buying used books, borrowing books from neighbors, visiting

book boxes in park just to get my hands on any new books for them to read. To say that they missed the library would be an understatement. When the library reopened for curbside pickup, we were all delighted and felt like everything would be ok again. Even though we haven't physically gone into the library, it's been invaluable this year for me as a first-time homeschooling parent. I've been able to borrow books on topics that my children are learning about in homeschool while also providing plenty of literature to spark and encourage their curiosity. Both of my boys are avid readers and look forward to perusing the children's book collection in-person again. I feel truly fortunate to have such a wonderful resource right around the corner." – Gabriela G, Malvern Public Library Patron

SWM O&M Agreements

Dear Board Members:

The Code Department has received the following Stormwater Management Operation and Maintenance agreement and In-Law Suite Agreement for authorization by the Board of Supervisors:

- 1. 527 Beaumont Cir.
- 2. 1440 Linden Ln.

Staff Recommendation:

Staff has reviewed these projects and the agreements. Staff recommends that the Board authorize the Chairman to sign the SWM Agreements.

Draft Motion:

Mr. Chairman, I move that the Board authorize the Chairman to sign the storm water management, operation and maintenance agreements for:

- 1. 527 Beaumont Cir.
- 2. 1440 Linden Ln.
