## From The Chair...

Happy Fall, Y'all!

With the impending turning of the leaves, a reminder to anyone with a storm drain on their property, please be sure to unblock drains before a storm so the flow of water can be unimpeded. Or call the township if you see a storm drain in need of being cleared.

Other reminders for fall-SCHOOL IS BACK IN SESSION!! Please, be mindful of school buses! Where there are buses, there are children. When the red lights and stop sign are engaged, children are getting on to/off of the bus. Motorists must STOP behind the bus on our streets, as well as undivided highways. Watch your speed in your own neighborhoods, and please remind teen drivers that there are small children at play or getting onto/off of the buses in the neighborhoods, they should slow down in the their community.

And it's the most wonderful time of the year, when political candidates start knocking on your doors! Please remember that any political or religious representatives are free to exercise their First Amendment rights to inform and educate us on their beliefs. They are NOT required to get a township permit, they are NOT soliciting/selling anything, & they are NOT required to observe individual "no soliciting" signs you have posted. You may choose to answer the door or not, you may tell them please leave, but this is not a police concern. What IS a concern is when a solicitor knocks on your door without having gotten the required township permit, which comes with a township issued ID that they are required to wear when soliciting. These people are also required to follow the "do not knock" ordinance we have in the township. If you ask for the ID, they must show it to you. If you are on the "do not knock" list, you can tell them they are not following the list and that you are reporting them to the township IMMEDIATELY. Please call the township between 8am and 4:30pm so management can send out someone to issue a warning to the solicitor. After 4:30, please call 911 for the police to come out and site them. Their company will be notified with the first infraction, and with an additional infraction, their company will lose their permit to solicit for one year. If they do not have a permit, the township will deal with that as well. It does no good to call the next day, please take a minute to speak up immediately so we can

help crack down on the offensive solicitations in our community.

Last update for the fall is to remind residents that we are holding meetings every Tuesday in September to begin the budget process in earnest. You are ALL invited to come out, give us your opinion on what things are important to spend more money on, what things you see as less important, and to see how the township budget process is done from the beginning to end. The budget will go to final approval in December, but the most important part of the process is happening NOW, when YOU can have a say on how we spend your tax dollars!

As an update to the Hershey's Mill Dam Park wetland, we are currently going through the punch list and awaiting the final inspection from the state/county. We are also waiting for the landscape architect to take Mark Miller through the wetlands to explain the maintenance requirements needed moving forward. Vegetation is starting to grow up through the walkway, which is making the walkway "disappear" and a little more "grippy". Having personally seen the new set up in action on Tuesday in the storm (we received over 3" in just over an hour!), we have more assurance that this new system works as intended. In past storms of several inches of rain, Greenhill Road would often need to be closed because the water ran over the roadway, presenting a hazard for motorists. At no point was there water over Greenhill Road, all water went through the three existing culverts, there was no ponding on the residential properties adjacent to the stream, and the walkway was never under water. Look for more history on the dam and a ribbon cutting in the spring!

See you all at the Food Truck Festival!

# Thank you Sauder's Nursery!

The Township would like to thank Sauder's Nursery for their recent donation of six red oak trees. Sauder's Nursery is located a hop, skip and a jump from East Goshen Township Park on Paoli Pike in Malvern. These trees are planted in Applebrook Park and we look forward to seeing them blossom in the coming years!

## East Goshen Township Electronic Payment Program - Sewer/Trash Bill

### Optional Electronic Payment Program for utility bill:

This program is offered as a complimentary service to our residents. If enrolled in this electronic payment program, we will still mail the utility bill so you know how much it is, but it will indicate "STATEMENT ONLY". Utility bills are mailed on/around January 15th, April 15th, July 15th, and October 15th and are due at the end of the following months. When enrolled, we will pull the quarterly utility bill amount, from the bank account provided, on February 20th, May 20th, Aug 20th, and November 20th (or the next business day if these are a weekend).

To enroll in the electronic payment program, please complete the form found on our website at [www.eastgoshen.org](http://www.eastgoshen.org), select SERVICES, FORMS AND APPLICATIONS, ELECTRONIC PAYMENT AUTHORIZATION FORM. Include a voided check with the completed form when you send it to the Township Building, 1580 Paoli Pike, West Chester, PA 19380. Alternatively, we have a drop box at the front of the building where you can place the completed form and voided check any time of the day or night, no postage necessary.

**WEGO PD would like to congratulate Detective/Sergeant Glenn Bretz as well as interns Michaela Freney and Eric Loeser**

WEGO PD presented Amanda Micun with Josh Micun’s 2021 Officer of the Year Award and the Pennsylvania Medal of Ultimate Sacrifice (from the Pennsylvania State Lodge FOP). Josh passed away in November 2021. The WEGO PD Association is hosting a cornhole tournament on September 17<sup>th</sup> in his honor (please see flyer on the next page) that anyone is welcome to sign up for.

Officer Micun began his career with WEGO in June of 2015 as a part-time Patrol Officer and was quickly promoted to full-time in March of 2016. In 2019, Josh was chosen by his peers as WEGO Officer of the Year. He is remembered as a person who always had a smile on his face and who loved to make others laugh. Officer Micun was a “foodie” who loved to prepare delicious meals for others and post photos of his creations. Officer Micun took great pride in presenting a professional image regardless of whether he was in uniform or civilian attire in court. Officer Micun and his family have a long history of commitment to community service, but Officer Micun’s priority was always his family and friends. Officer Micun leaves behind a wife (Amanda) and two children (Hayden, 16 and Sophia,10).

We would also like to congratulate Officers Eric Ruggeri and Leon Bynum for being promoted to Full- Time officers. Officers Valeria Arevalo and Andrew Sardella were additionally promoted from part-time to full- time.

On July 1st, 2022, members from the Westtown-East Goshen Regional Police Department received a commendation from the Chester County District Attorney's Office. The commendation is in recognition of their extraordinary efforts in the investigation, arrests, and prosecution of the attempted murder of a 9-year-old in Westtown Township on Nov. 23, 2020\*. In addition to the police work involved, the officers and their families collected donations to make sure the child had the resources needed to recover from this horrific incident.

# WHAT'S HAPPENING AT GOSHEN FIRE COMPANY?

## THE GOSHEN COUNTRY FAIR WAS A GREAT SUCCESS

We can't thank you enough.

To say the 2022 Goshen Country Fair was a great success would be one big understatement. Great crowds and near perfect weather came together to make this year's fair one of our best ever. As our biggest fund raiser, the success of the fair is crucial to the financial health of the fire company.

So many people to thank...our volunteers who assembled and staffed the booths...coordinated the livestock ... made the food...parked the cars...tended to a thousand details...worked tirelessly on purchasing, security, set up, accounting, and working with suppliers. We also owe a big thank you to our sponsors, exhibitors, and vendors.

How about these numbers...we made and sold 130 dozen pizzas...that's a little over 12,000 slices!

Those donuts you stood patiently in line for? We made and sold 7,000 dozen. That's over 84,000 donuts, lovingly made by volunteers working 4 machines that created 1,620 donuts per hour.

Would you like to volunteer to help at the 2023 fair? Drop an email to [President@Goshencountryfair.org](mailto:President@Goshencountryfair.org) and we'll be in touch.

Goshen Volunteers donate hundreds of hours for the benefit of Goshen Fire Company

In other Goshen Country Fair news, we honored fair volunteers who made a significant contribution to the success of the fair with the JOHN MAYER AWARD. This award, named for the man who made transformative changes to the fair during his term as President, was presented to:

Carolyn Amber

Steve and Marybeth Buchholz

Gerald DiNunzio Jr.

Robert Fleming

Pete Flynn

Ted Harrison IV

## WHAT'S HAPPENING AT GOSHEN FIRE COMPANY? Cont'd...

### HAPPY ANNIVERSARY TO GFC!

On Thursday, July 21<sup>st</sup>, Goshen Fire Company celebrated its 72<sup>nd</sup> anniversary. Like many volunteer fire companies, Goshen had humble beginnings, with a group of dedicated men and women providing Fire, EMS and Fire Police service to our community. In order to serve a growing community, Goshen built station 56 in 1999, located at Boot and Greenhill Roads. More about our history can be found at <https://goshenfireco.org/about/history/>

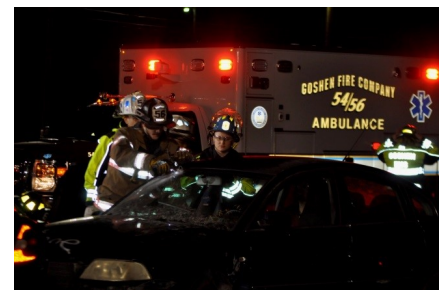

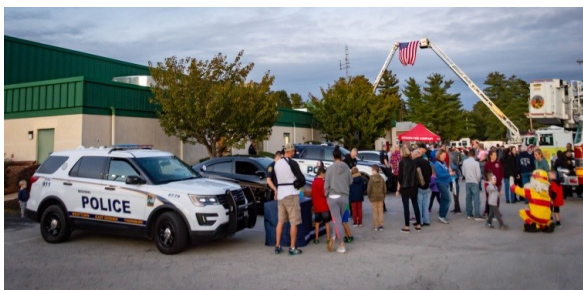

### FIRE PREVENTION MONTH OPEN HOUSE IS OCTOBER 14TH

October is Fire Prevention Month, which means our annual open house is around the corner. Join us on Friday October 14<sup>th</sup> at 6PM for this always popular Goshen event. Fun for the entire family with lots of fire trucks, ambulances, police vehicles, fire sprinkler demonstrations, vehicle rescue demonstrations, and more. Light refreshments will be served, always plenty of free parking.

While you're at the open house, stop by the tent with the red top and speak with one of our members about volunteering.

Our Fire, EMS and Fire Police divisions always welcome new volunteers; training and equipment is provided at no cost to you! Have a special skill you can share with us? We also need volunteers to help with marketing, administration, finance, fund raising and special events. Go to [www.goshenfireco.org](http://www.goshenfireco.org) for information on how you can join us. Follow us on Facebook at Goshen Fire Company.

# How Public Works Prepares for the Winter Weather

The East Goshen Township Public Works begins preparing for winter storms well in advance. They start preparing in early November. Once the buzz of snow is reported all the snow equipment will be checked from snow shovels to the loaders and dump trucks with the plows will be put on and ready to go.

First, if a snow event is imminent crews will arrive in the early morning hours of the day prior to the storm and apply a layer of salt brine to the road. The salt brine is designed to separate the initial layer of snow to the road. Once the salt brine is applied crews will return to their shop, clean and restore the apparatus to snow ready.

Second, the public works crew just like all of you are watching the weather closely to determine the timing of the snow event and the big question... How much snow is expected? Crews will fuel all apparatus and load the salt trucks, so there is no delay from when the snow starts to the trucks getting on roads.

Just as the snow begins to fall crews will man their assigned apparatus and depart to their assigned snow plow routes. A layer of rock salt will be applied to all roadways initially. As the snow begins to pile up, crews will begin plowing the roadways, the roadways are maintained for emergency vehicles and essential personnel to pass through. We prioritize main roads then back roads and neighborhoods. We ask that if you do not need to be out in the weather please stay home for your safety. Crews will plow until the snow event is at its end. Once the snow has completely stopped the team will push the snow all the way back to the curb and clean up all intersections and apply the final layer of salt.

## Helpful tips for residents to prepare for the winter season

1. Inspect your mailbox before the winter season. To prevent damage during a storm, make sure they do not extend past the road edge and that the posts are sturdy.
2. Trim any tree limbs that are hanging over your curbs.
3. Please remove vehicles, trash cans and basketball nets from roadways to help relieve hazards for the plow operator.
4. Do not pile your snow on the roadway or side of roadway; please pile it in your yard.
5. At the end of the storm, we plow all roadways edge to edge. If you have shoveled your driveway before this happens your driveway will be plowed shut again.
6. If you do not have to be on the roads during a winter storm, please stay off them until they are clear.

## Your SAC is now ESAC!

Your friendly SAC is now your friendly ESAC. We are East Goshen Townships' Environment and Sustainability Advisory Council.

Hope to see you at the Pumpkin Festival in the Park on October 15th! Like last year, we are offering children the opportunity to create birdfeeders out of pinecones and paper rolls, sun butter and birdseed, that they can hang on adjacent trees. They can also make an extra one to take home.

This year we are offering additional projects too! Children will be able to create animals out of natural materials we will provide. They can learn about the types of bees that pollinate pumpkins in a fun way. Plus, we will show them how to use small pumpkins as birdfeeders, and how to prepare pumpkins so that deer and smaller animals can enjoy the delicious pumpkin meat inside. (Of course you can save a few pumpkins if you plan to make your own pumpkin pies!)

We will show children (and adults) how to harvest and prepare pumpkin seeds for eating, and how to plant them to grow their own pumpkins for next year.

Sustainability Expo:

Last May we offered our first Sustainability Expo to East Goshen residents. We were able to provide excellent resources, products and services offered by local businesses. This event was well attended and received very positive feedback. By popular demand, we plan to offer another Expo on Saturday, April 15, 2023. We expect this time the event will be held in our Park in order to give us more space. We may also partner with the West Goshen SAC to plan this event, and include a wider range of offerings to our combined pool of residents. Stay tuned, and save the date!

A few things to remember:

1. Take reusable bags with you whenever you shop. Keep some in your car. Refuse single use plastic bags, and paper ones too when possible.
2. Recycle as many glass, metal and plastic products as possible.
3. Join the East Goshen Buy Nothing group on Facebook to share no longer needed items in good condition, or schedule pick up by a charity. Don't throw away what someone else can still use!
4. Be creative instead of buying. Reduce your carbon footprint by buying locally instead of online when you need to purchase a gift item.
5. Wrap gifts in leftover fabric, scarves, plain paper with your own drawings, special messages, etc. Or use gift bags which can be reused many times, instead of non-recyclable shiny gift paper.

Consider reducing outdoor light displays for winter holidays to respect the needs of nocturnal birds and wildlife. Light up inside instead if you want to use lights.

Send us your additional sustainable tips for sharing, including pictures. We will credit you!

## How would YOU handle a pipeline emergency?

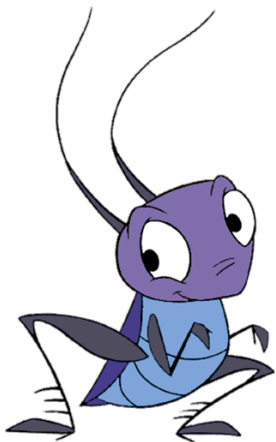

In the last newsletter, the Pipeline Task Force gave you some tips as to how to best handle a pipeline emergency. As we all know, prior preparation is a good thing. It is practical to be prepared. Of the approximate 18,200 residents of East Goshen around 16,000 of us live less ½ mile from an active pipeline which is the evacuation radius in the event of a leak in some pipelines in our town. These pipelines carry natural gas, butane, ethane, and propane.

One the most important duties of our public officials is to keep us safe. Chester County spent over 2 years reviewing possible threats to our county and in July 2021 released its "Hazard Mitigation Plan". This plan includes risk assessments and action steps to be taken to lessen hazards. There are a number of action steps that are being taken. The plan can be found at <https://www.chesco.org/4261/Plans>

Please go to [readychesco.org](http://readychesco.org) to sign up for emergency notifications. Take some time to review the website where you will find all sorts of great tips such as a preparedness guide that can aid you in creating a plan, building a kit, and planning for special needs. It does not take long to be prepared with the great resources we have available.

### *Survival Song of Jiminy C.*

Still singing the song his ancestors sang  
with the dinosaurs eons ago.

His life may be short but his legacy long,  
serenading his survival song.

Symbol of fortune for thousands of years.

this ancient Triassic Insecta's still here!

Identical mating songs chirped by Cri-Kee  
and dandy Orthoptera Jim-iny C.

The warmer the air, the quicker they chime.

By counting their chirps we can see  
how Nature's osmotic thermometers  
gauge air metamorphically.

In tune with Mom Nature, their species secure,  
tiny professors give lessons galore.

Crooning survival the endless night through,  
Jim-iny, Jim-iny, hats off to you!

October 8<sup>th</sup> @9:30am - [Braver Angels: Bridging the Divide](#)

Braver Angel's Mission: "We bring Americans together to bridge the partisan divide and strengthen our democratic republic...The crisis we face is polarization. What endangers us is not the rise or decline of either party, but our loss of trust in each other and the take-over of our politics by those in both parties who would have us put faction over country, treat our opponents as enemies, and reject the idea of common ground... Today we rise as red and blue Americans in equal numbers to say that the era of polarization must come to an end...The foundation of all our activities is what we refer to as *patriotic-empathy*: the idea that our love for our country is shown by our concern for our fellow citizens."

November 2<sup>nd</sup> @4pm - [History's Heroes\\*](#)

History buff? Join us for a short story and activity based on one of history's greatest heroes. Best for those in Grades 4 and up.

November 22<sup>nd</sup> @10:30am - [Thankfulness Storytime\\*](#)

What are you thankful for? Lets celebrate the library and each other as we prepare to celebrate Thanksgiving.

Keep an eye on our [online calendar of events](#) for a local history and local author event, coming this November/December!

## Transitioning into the fall

As you read this, the summer heat has started to give way to cooler nights and the first few weeks of school. We had a wonderful summer camp season and miss our campers already, but hope they are all off to a great start “hitting the books”! Speaking of summer camp, wow, what a time we had! We were at max capacity with 100 kids on days that were jam packed with field trips, water events and plenty of laughs. Camp highlights included the walking field trip to Krav Maga where campers learned a proper front kick, how to take down someone three times their size and safely handle nunchucks! Another spectacular moment was the “Shave Jason’s Head” canned food drive. Campers shattered their own record with 1,100 pounds of donated food, so much that not only did Jason shave his head, but Jess also dyed her hair blue! Shout out to camper Lizzy who brought in over 300 pounds all by herself! The food is donated to the West Chester Food Cupboard, with 1,100 pounds feeding twenty-two families for a week. But camp is not only impactful, it’s also meant to be silly! Our camp talent show was complete with campers singing, dancing, and playing musical instruments...but the highlight was the Staff Masked Singer! Camp staff, brave souls who don’t mind looking goofy, dressed up like various amalgamated characters and strutted their stuff to a room full of giggling campers (and parents)! Mark your calendars now everyone, registration day on February 1<sup>st</sup> will be here before you know it!

We kicked off the summer in style with Community Day as always. The weather was hot that day, but it didn’t stop 3,000 folks from coming out to EGT Park for a wonderful community event. We also finished the summer this year with our “I Can’t Believe I Just Saw that” event on the playground! The playground was packed with kids, who were flash mobbed by the East HS Band playing Michael Jackson’s Thriller and Time to Leap Dance dropping into a choreographed routine to Dua Lipa’s Levitate! Special thanks to Michele Truitt, Township Chair, who kicked things off on piccolo!

Who knows...something might happen in 2023 when you least expect it!

So as you can see, it was a busy summer, but we have an even busier fall ahead of us! We start things off with the Township Fall Yard Sale on Sat. September 17<sup>th</sup> from 9a-1p. Come to the Township Building to find a great deal or head out into the neighborhoods, but bring an empty car! We are especially excited for the September 24<sup>th</sup> the 2<sup>nd</sup> Annual Chester County Art Walk! Held last year for the first time with twenty artists, it has ballooned to include sixty-five artists this year! This will truly be an event to spend quite a few hours at, artists will be stationed at the park, trail and Township Building in the Picasso, Dali and Rembrandt areas. Each area will have twenty plus artists, live music, a food truck and restroom facilities. So come early, start at one end and leisurely stroll through the whole event! Art will be for sale, and don’t worry about lugging it all the way back to your car, art pickup locations will make that a breeze! As we move into October, our biggest park day is marked by two events! On October 15<sup>th</sup>, we’ll host the Pumpkin Fest in the morning and the Food Truck Festival in the afternoon! Thousands of pumpkins in the morning and a football field worth of food trucks in the afternoon! The Food Truck Festival will have two exciting additions. The Philadelphia Pastel Society will be holding its annual end of season art show at the event and the Friends of East Goshen will be hosting a bocce tournament to benefit future park events.

See you in the park!

## Do you own a RC Car? Or interested in getting into this hobby?

The RC motorsport industry has boomed in popularity in recent years. Tracks and crawling course are starting to become popular, along with competitions. There are very few places to take your cars in Southeastern PA so East Goshen Parks and Recreation is looking into creating a fun location. After all this is a form of recreation for all ages! Become apart of the discussion and take this quick survey so we can gauge if this is something our community wants.

If you have an RC Car bring it to the Food Truck Festival on October 15! We will be using the stones course to rock crawl and having a possible rc car swap meet.

### Essential Oils

Essential Oils have actually been a part of my life for a very long time, as my mother was a nurse and used various home remedies and oils in our day to day for childhood issues. While the products we used never substituted for what our medical doctors prescribed, I did learn early on the benefits of peppermint oil, Vitamin E oil, Tea Tree oil, and others, and have therefore always incorporated them into my self-care, and once a parent, into the care of my children.

About 8-9 years ago one of my boys was struggling with a situation that his doctors just could not help him with. So I did some research. I read about the incredible oil Frankincense. I had to find some...and I needed it no matter what the cost. I had heard about various oil products and did my research to find the brand that supported my purpose and my personal goals the best. My cousin was using and distributing EO's and she helped me obtain this wonderful oil to help my son; and the results were incredible! I was hooked! Say no more!

I began reading and learning and absorbing knowledge of EO's as much as I possibly could, as I needed more! While doing this, I was sharing my experiences with others and found that they were having beautiful benefits in their lives by using them as well.

I began making jewelry to wear so that I could take along and enjoy the benefits of the EO's all day every day while wearing my jewelry. I soon began traveling to craft shows to share my jewelry pieces with others. Then I thought, how can I make sure I can reach more people and help them learn about the amazing benefits of these natural products? Which is when I began offering blending classes in my home. They were popular and beneficial to others!

While doing this I decided that I needed to become certified in Aromatherapy to add more knowledge and blending skills to what I can offer to my customers. I have completed and passed the examination for my certification as an Aromatherapist, and am in the process of completing my case studies with The School of Aromatic Studies under the direction of Jade Shutes and some of the most prominent and well educated people in the industry.

I am please and excited to be able to share this knowledge with our community through the East Goshen Township activities program and I look forward to seeing you in my classes!

-Miriam Cash

## Bocce Courts at East Goshen Park!

The EGT Park bocce courts are open for play! Special thanks to Rian Gionfriddo for completing this Eagle Scout Project. Want to learn how to play? The Township has two sets available at the Township Building. They can be signed out for up to two days. Below are the basic rules based on the United States Bocce Federation.

### Game Objective:

The object is to throw your bocce balls closer to the Pallino, than your opponent. The first team to reach 12 points wins the game (must win by 2).

### Equipment:

Set of 8 balls with different colors and “pallino” the target ball. Measuring Device

### Players:

Need two teams – can have up to 8 people

### Court Lines:

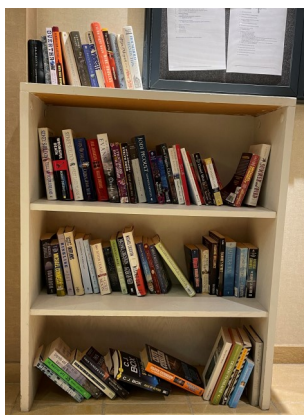

- Center Line- Used when tossing the pallino.
- Foul Line – typically 13’ from boundary line. You can not go over the foul line when rolling the ball

### Start the game!

- Flip a coin between the teams. The winner of the coin flip throws the pallino.
- The pallino must pass the center line but cannot hit the back wall
- The original team who tossed the pallino should toss the first bocce ball.
- The opposing Team must toss the ball until they make a new (closer) point. This will alternate until all balls are in play.
- At the end of each frame, points will be awarded. Only one team scores in a frame. One point is awarded for each ball that is closer to the pallino than the closest ball of the opposing team.
- Winners of the previous frame get to toss the pallino in the next frame.
- Games are usually played till 12
