Business:

Discussion continued on the potential path forward for the Paoli Pike Trail (PPT) neighborhood connector options. There were no new cost estimates provided for discussion. The group decided to focus on critical safety crossing issues going forward. Once key safety crossing issues are resolved, paths can be determined informally by residents and delineated with low cost paving materials. The committee is waiting for PennDOT's new process and approval criteria for pedestrian crossings. (See attached letter from Nathan Cline, Pennoni). We also discussed that new warning strobe lights at eye level should be added at existing or planned crossings where there are no traffic lights.

The committee chose Jeff O'Donnell for Futurist Committee Chair for 2023.

The next meeting will be January 19, 2023.
