**Discussion of ordinance language pertaining to trees within township right-of-way.** Derek explained that this has become a concern due to extensive tree disease and public safety issues that Public Works has been addressing throughout the Township.

David asked about tree removal cost. Dave responded the 2023 tree removal budget is \$162K, and to date we have spent \$33K in contracted services, in addition to the time Public Works has spent on tree removal. David inquired if there is a Public Works allocation for tree removal. Dave responded.

David asked Derek to obtain draft ordinances from other municipalities relative to tree removal.

Derek added that the Township does not take down trees that are not diseased or a public safety hazard. Destruction of property due to roots invading driveways and sidewalks has become an increased resident concern.

Mike asked if we are divesting ourselves of this service, what category do we put this in; want, need, etc. Mike wondered how much of this is from the Emerald Ash Bore.

Michele added that she has street trees and does not feel it is fair that other residents would incur the costs if they do not have trees. Michele feels an ordinance should be implemented to have the homeowner maintain and remove the street trees. Discussion followed regarding specifications around what can be installed in the right of way.

John is concerned with the sample ordinance language stating if work is not done, the Township completes the work and a lien is placed on property. Derek clarified this is for diseased trees on properties.

Mike asked Attorney Thompson if we could establish a grace period before this becomes the resident's responsibility. Attorney Thompson stated this could be included in the ordinance or possibly stipulate a dollar amount to be spent.

Cody concurs with Michele's comments.

Derek will work with Attorney Mark Thompson regarding ordinance language and obtain sample ordinances from surrounding municipalities.

Russ Frank, 451 Gateswood, feels it is unfair for the Township to put the burden on the resident. John responded the Board meetings are open for residents to voice their opinion. Mike added the staff brought this to the Board's attention. John would like Public Works to focus on other essential duties rather than to cutting trees. Mike stated that Public Works is strained due to limited staff. Dave added that tree trimming is done because fire trucks and large vehicles need a clear path.

Jerry Ruffenach, 200 Reservoir, commented that he spent a significant amount of his money on tree maintenance along Reservoir Rd at his property. He added that the Township has been great when there is an emergency but the Township does not need to be all to all.

# Consideration and possible approval of new member appoint to the East Goshen Planning Commission.

Derek explained that we recently accepted Ed Decker's resignation and Mr. Pioggia expressed interest.

Mike made a motion to appoint Fred Pioggia to the East Goshen Planning Commission for the term expiring at the end of 2025.

Michele seconded.

Motion carried 5-0.

## Placement of "Tree City USA" Signs.

Derek would like the Board to discuss the placement of two street signs given to us by the organization.

Discussion followed about installing signs at Clymer's Wood, East Goshen Park, Line Road, Airport Road, and West Chester Pike at Manley. John suggested placing both a Tree City sign and a plaque on all of the Welcome to East Goshen Township signs.

The Board decided to install the two original signs at Clymer's Wood and at Paoli Pike (near the High School) and have smaller signs placed throughout the Township.

Derek stated PSATS suggested commemorating the 250<sup>th</sup> birthday of the Country in 2026.

Cody made a motion to approve Resolution 2023-08, supporting the Pennsylvania Commission for the United States Semiquincentennial, also known as America250PA.

David seconded.

Dave added there is no expense relative to this topic.

Motion carried 5-0.

## Any Other Matter: None

#### Public Comment: None

#### Liaison Reports:
